SAYS WOUND WAS SELF-INFLICTED

Dr. W. E. Barnum, Coroner, Reports on Death of Edgar Ross Who Was Found Dead Near Manilla

SUICIDAL INTENT, HE SAYS

Authorities Who Investigated Scout Foul Play—Sheriff and Prosecutor in Further Inquiry

Dr. W. E. Barnum of Manilla, county coroner, today reported that his finding in the case of Edgar Ross, a young farmer whose body was found, with a shotgun wound in the breast, at his home near Manilla Wednesday afternoon, would be that Ross committed suicide.

Dr. Barnum gave no evidence to support this verdict, which has not yet been filed in the clerk's office here, but he made this statement to the Daily Republican this afternoon.

"Edgar A. Ross died from a gunshot wound in the heart, self-inflicted with suicidal intent."

Deputy Sheriff Hugh Jones, who went to the scene of the tragedy Thursday afternoon, said today that he and the coroner were both convinced that foul play did not enter into the farmer's death.

Indications, however, that the authorities are not entirely convinced that Ross was not murdered was found in the fact that Sheriff E. M. Jones and Prosecutor Albert Stevens went to the Ross home this afternoon to make a further investigation.

The report of the coroner was a surprise because he intimated to the deputy sheriff Thursday afternoon his finding would be accidental death.

A close observation of the case was made yesterday afternoon, and some of the mysterious things are believed to have been cleared away.

The single barreled shotgun, which killed the man, had a regular place in the household in the corner of the same room in which he was found, and it had always been left standing in the corner near a chimney.

It is the belief of some officers that Ross reached for his gun, and when he pulled it out from behind the chimney, the gun fell over the corner of the protruding wall, causing it to be discharged, and breaking the barrel. The power of the explosion is believed to have thrown the gunstock several feet away, and the victim probably staggered to the center of the room before falling.

When staggering, he is believed to have knocked over a chair, and tumbled up the rug, which gave evidence.

DEMANDS SHOWDOWN ON WATSON CHARGES

Senator Edge Insists Georgia Senators Give Evidence to Substantiate Them

HE BLOWS UP PHOTO STORY

Washington, Nov. 4.—A sweeping investigation of the sensational charges made by Senator Tom Watson of Georgia, that American soldiers were hanged like dogs without trial in France, was retarded by the senate today without a dissenting vote.

A showdown on what Watson based his charges was demanded by Senator Edge of New Jersey, when the senate convened. Edge demanded that Watson give to the American people evidence to substantiate his charges.

A photograph published in a New Jersey newspaper which Watson yesterday asked to be reprinted in the congressional record, Edge declared, was one of American soldiers who had been hanged after they had been tried by court martial and found guilty of murder.

Edge declared that the case should not be camouflaged. He reiterated that Watson owed it to himself and country to substantiate his charges.

GENERAL EXODUS TO INDIANAPOLIS TODAY

Scores of Local People Take Advantage of Reduced Rates and Attend Foch Celebration

EX-SERVICE MEN IN PARADE

The celebration in Indianapolis today in honor of Marshal Foch of France, the generalissimo who led the allied armies to victory in the World War, was the occasion for a general exodus of Rushville people today.

Scores of Rush county as well as Rushville people took advantage of the special rates offered on both the Indianapolis & Cincinnati traction line and the C. I. & W. railroad. Traffic from here to Indianapolis has been lighter than usual this week, up until today, many people waiting until today to ride for reduced fares.

At least a dozen Rush county ex-service men responded to the appeal from the Foch day committees to wear their uniforms and march in the parade. Former soldiers from all parts of the state were expected to be in the line of march. The day was expected by many ex-service men to be the occasion for a reunion.

CLASS OF 133 IS TO BE CONFIRMED

The Rt. Rev. Bishop Joseph Chartrand of Indianapolis to Perform Ceremony at St. Mary's Church

AT 7:30 O'CLOCK TONIGHT

Bishop will be Assisted by the Rev. Thomas M'Laughlin of Liberty and Rev. Geo. Borries of Shelbyville

The Rt. Rev. Joseph Chartrand, Bishop of Indianapolis, will confer the Sacrament of Confirmation on 133 children and adults tonight at St. Mary's Catholic church.

This Sacrament, one of the seven instituted by Jesus Christ, dates back to the time of the Apostles. "It creates within us the spirit of meekness, increases our charity towards God and our neighbor, enlightens our understanding and strengthens our will," according to an announcement regarding the ceremony.

The Rt. Rev. Bishop will be assisted by the Rev. Thomas M'Laughlin of Liberty, as deacon and the Rev. George Borries of Shelbyville as subdeacon.

The Rt. Rev. Monsignor Theodore Mesker of Connersville, assisted by the Rev. Otto Bosler and the Rev. Philip Schneider will give the benediction. Others assisting will be:

The Rev. Herman Gadlage, master of ceremonies; cross-bearer, Harry Jones; mitre-bearer and candle bearers, Francis Comella, Richard O'Neil, John Mullins and Sylvester Harris.

The procession, by the children, Knights of Columbus servers, clergy and the Rt. Rev. Bishop, will leave the rectory promptly at 7:30 p. m.

The public is kindly invited to attend.

SILAS MAUZY SUCCEUMS

Farmer Widely Related Here Dies West of Markleville Today

Silas Mauzy, aged 75 years, died this morning at his home one mile west of Markleville following an illness of over a year. The deceased had several cousins living in this city and himself was well known here, having visited here on a number of occasions.

A widow and two daughter survive. The funeral services will be conducted Sunday afternoon at two o'clock at the late residence.

WAR IMPLEMENTS STOLEN

Indianapolis, Nov. 4.—Adjutant General Harry B. Smith lost two implements of war—binoculars and a revolver—when burglars raided his daughter's home here some time during last night.

SUCCESS OF ARMS CONFERENCE SEEN

Outstanding Development of Day Indicate Complete Confidence of Powers in Parley

HARDING FRENCH INTERVIEW

British House of Commons Unanimously Adopts Resolution Approving The Conference

(By United Press)

With the arms conference only a week away, President Harding has expressed complete confidence in its success.

This was revealed today in Paris advices to the United Press quoting an interview with Harding in Washington by Stephen Lausanne, French editor.

Other outstanding developments in connection with the conference today were:

Government spokesman in the British parliament declared their delegates will attempt to have the conference insure world peace.

France and Great Britain were confronted with abandonment of the last hope of an Anglo-Franco-American alliance as the result of warnings, respectively by Paris correspondents in Washington and Ambassador Harvey in Liverpool.

Prince Tokuwaga Japanese delegate, told the United Press that the Anglo Japanese treaty should be replaced by an agreement including Great Britain, Japan and the United States.

Senator Borah, in an interview with the United Press said he feared the conference might lead to misunderstandings which would compel increased armaments.

In a London interview Dr. Giannini, commercial adviser to the Italian delegation declared world economic problems also were expected to be settled at the arms conference.

A program outlining the extent to which limitation of armament is practically for the U. S. was being prepared by the American delegates.

London, Nov. 4.—The British House of Commons unanimously approved the Washington arms conference this afternoon.

FOURTH ASSESSOR IN 3 YEARS APPOINTED

Alva Hurst is Named For Walker Township. Will Gardner Who Was Elected Never Qualifying

THE OTHER TWO RESIGNED

Alva Hurst has been appointed assessor for Walker township by Earl Priest, county assessor, to succeed Charles J. Ellison, resigned, who has gone to Arizona on account of his health, it was announced today.

The assessor's office in Walker township has had a rather tempestuous career during the last three years. Will Gardner, a democrat, was elected in 1918 and never qualified. When he failed to take office Theodore Brown, a republican, was appointed by Will McMillin, who was then county auditor. Mr. Brown qualified and then resigned just before the assessing season when it came time for him to perform the duties of the office. Mr. Ellison was appointed to fill the vacancy by Mr. McMillin and served until he was compelled to quit by failing health making it necessary for him to move to another climate.

The last legislature changed the law governing the filling of vacancies in the township assessors' office and now provides that the appointment shall be made by the county assessor. Mr. Hurst was appointed on the recommendation of Mr. Ellison. His application for the place was the only one received.

Mr. Hurst is the fifth assessor to be appointed by Mr. Priest to fill vacancies in office. New assessors were named for Ripley, Anderson and Orange townships on account of resignations and one was named in Center township due to the death of the incumbent.

BRINGS INDIANA TO "ATTEN-SHUN"

Marshal Foch Receives Snappy Salute From State Which Treats Him Like a Hero

HOOSIER "BUDDIES" THERE

Honored Guest Dedicates State, County and City War Memorial Site This Afternoon

(By United Press)

Indianapolis, Ind., Nov. 4.— Marshal Ferdinand L. Foch brought Indiana to "atten-shun" today.

The state snapped to salute as the master strategist of the World War visited Indianapolis.

His Hoosier "buddies" came from all parts of the state to greet him. They paraded miles and miles through the streets in his honor and speakers of distinction paid him tribute.

This afternoon he dedicated the state, county and city war memorial site, laying a Marne river bridge stone as the cornerstone.

The city and state greeted him and treated him like a hero.

There was a crowd of dignitaries at the station to meet the military leaders.

They included Governor McCray, Ex-Governor Samuel Ralston, Major General Read, commander of the fifth army corps area, and Major Jewett of Indianapolis.

A salute of 19 guns was fired as the train steamed into the station. One of the many bands struck up "La Marseillaise" and the final notes mingled with the start of the "Star Spangled Banner".

Long lines of former doughboys, tin hatted and uniformed greeted their former commanders. Legionnaires came from every part of the state for the occasion and formed a long parade, stepping proudly as they did on the cantonment parade grounds. There were many troops from Ft. Benjamin Harrison, national guardsmen and the famous Black Horse Troop of Culver Military Academy headed the procession.

While thousands of persons looked on Marshal Foch laid a wreath on the Indiana Soldier's and Sailor's monument. He was given a souvenir—a miniature silver crest bearing a replica of the monument.

Foch then dedicated the ground on which Legion headquarters will be erected. Tonight there will be a dinner at a local hotel and then a mass meeting to pay tribute to the famed soldier.

BOOTLEGGER KILLED BY PUTNAM SHERIFF

Unidentified Man Shot and Instantly Killed Twelve Miles North of Greencastle Today

DRIVING TRUCK OF BOOZE

Greencastle, Ind., Nov. 4.—An unidentified man driving a motor truck loaded with bootlegger's liquor was shot and killed by the sheriff of Putnam county, twelve miles north of here today.

The truck bore an identification card showing Thomas George of Indianapolis to be the owner. The bootlegger since Friday had been making trips daily between Indianapolis and Clinton.

This morning Sheriff Ham became suspicious and blocked the road. The driver ran past the blockade, stopped his car, climbed out and started toward the sheriff shooting, firing six shots, but all missed.

He then started to jump the roadside fence and when he saw the sheriff, turned on him, but the sheriff fired first, killing the man instantly.

SOUGHT AS KIDNAPPER

Chicago, Nov. 4.—Chicago authorities today received a request from Omaha officials to take Harry M. Phillip, self styled spender, into custody on a charge of kidnapping. Phillip arrived here with Rolla Mock, an Omaha newsboy.

PATERNITY CASE IS COMPROMISED

Jury Not Needed in Circuit Court Today When Suit is Settled Before Trial Opens

NO ARRESTS ON INDICTMENTS

The suit of the State, ex rel Dorothy Moore against Glen Edwards, a civil suit, in which the defendant was charged with paternity proceedings, was compromised this morning in the circuit court, and the jury which had been summoned to try the case, was not needed.

The compromise which was agreeable to all parties assessed judgment in the sum of \$350 which is to be paid to the plaintiff in three installments, which will come at periods most needed in the life of the child.

On account of the case being set for today, there was no other business before the court. Bench warrants for the 33 grand jury indictments have not been ordered yet and as soon as the warrants are made out, Sheriff Jones will begin to serve them on the people who were indicted by the grand jury this week.

STRIKE CALLED IN DISTRICT 5

Pennsylvania Miners Ordered to Leave Posts in Protest Against Check-Off Plan Injunction

45,000 MEN ARE AFFECTED

Attorneys For United Mine Workers File Appeal in Chicago—Watchful Waiting in Indiana

Pittsburg, Pa., Nov. 4.—A strike called in protest against the discontinuance of the check off system of collecting union dues was issued here today by Robert R. Gibbons, president of the District No. 5, United Mine Workers of America.

Forty-five thousand soft coal miners in Western Pennsylvania were effected by the notice which goes into effect at night Monday.

Gibbons announced the strike order would not apply to coal operators who agreed to comply with the "existing contracts." The strike call, issued after a conference with the executive board of District 5, was contained in a letter.

Chicago, Ill., Nov. 4.—Attorneys for the United Mine Workers of America today appeared in the United States district court of appeals to file an appeal from the check-off injunction ordered by Federal Judge A. B. Anderson in Indianapolis.

Hearing on the request for an appeal is expected late today.

Henry Warrum, chief attorney for the union, will make the argument. The miners are asking that action of Judge Anderson's injunction be stayed pending final hearing.

The hearing will be before Federal Judges Baker, Evans and Alschuler. Approximately 35,000 miners quit their jobs in Ohio, Indiana and Illinois when Judge Anderson issued an injunction restraining operators from deducting union dues from the miner's pay.

Indianapolis, Ind., Nov. 4.—Officers of the United Mine Workers adopted a policy of watchful waiting today in connection with their threatened bituminous coal strike.

Their next move depends upon what action the mine owners will take regarding the federal injunction temporarily abolishing the check-off system of collecting union dues.

The Indiana and Pennsylvania operators are thought to have paved the way for those in other states by declaring they will abide by the injunction. This just means a continuation of the strike of nearly 30,000 miners in Indiana. They walked out in protest against the injunction. They will stay out in view of the operators' announced policy.

Whether other states follow the course of Indiana operators remains to be seen. Pending decision

PARCEL POST IN A LARGE DECLINE

Mail of This Class Delivered by Rural Mail Carriers Less First 15 Days in October

WHAT LOSS INDICATES

Rushville Rural Mail Carriers Are Keeping Count of Total Mail Handled Entire Month

Parcel post business which is being handled in the local postoffice, shows a loss at this period over the same period last year, according to records of the parcels and mail matter received and dispatched from the Rushville office.

The postoffice kept a count in October of the total number of pieces of mail matter handled by the ten rural route carriers, and also of the number of parcel post packages handled through the office, both for city and rural deliveries, as well as the total number of parcels collected or dispatched.

The count for the parcels was kept during the first fifteen days of October, and the figures are now compiled ready to be reported to Washington. The count, which shows a big loss over the same period for last year, also indicates that farmers are not buying, especially from mail order houses, as they did last year.

Last year, during the count, the ten rural route carriers distributed 1,167 packages during the fifteen day period, and this year at the same time, the number of parcels delivered were only 611, or almost one-half of the number of last year's count.

Postoffice authorities attribute the decline to the shortage of money and revenue from the farm, and the slowing up of buying from mail order houses.

The parcel post business in Rushville itself, showed a slight loss this year for the count, but the loss was not as great in proportion.

The office here received a total of 4,347 packages during the fifteen day count, and these were distributed on the ten rural routes, through postoffice boxes, general delivery windows and by Griffin Treadway, parcel postman in Rushville.

The later handled 1686 packages in Rushville during the fifteen day count. The postoffice sent out from here 1,277 packages during the count, with a total weight of 23 tons.

The rural route carriers also kept a report on the total number of pieces of mail handled during the entire month, and for October there were 82,951 pieces of mail, including all classes, delivered and received by the ten rural route carriers.

The number was divided into two classes, with 74,707 pieces being delivered.

FIRST NUMBER OF LYCEUM COURSE GIVEN

Chicago Concert Singers Entertain Fair Sized Audience With Varied Program

NEXT NUMBER DECEMBER 14

The Chicago Concert Singers appeared in an entertainment last evening at the Graham Annex auditorium as the first number of the lyceum course to be given this winter under the auspices of the Ladies of the G. A. R.

Each member of the company had excellent musical and dramatic ability and the musical sketch "From Gypsyland" was regarded as one of the best concert plays ever seen in this city. It presented in song a story from one of the well known operas. The musical numbers were excellently rendered and included a great variety from sacred and classic to the lighter melodies and the humorous and popular.

Although only a fairly good crowd was present, the ladies have sold a number of tickets for the course. The next number will be given in the auditorium December 14.

GETS RESULTS BY FEEDING METHODS

H. M. Nash of Union Township
Completes Demonstration With
Hogging Down 15 Acres Corn

GIVES FIGURE FOR MONTH

Figured on Acre Basis Pork Pro-
duced Just About Double
Market Price of Corn

H. M. Nash of Union Township has just completed a demonstration in connection with the hogging-down of 15 acres of soy beans and corn, the results of which shows this method of feeding to be a means of not only lowering the cost of production on pork but also a saving of labor.

The 113 hogs which were fed weighed 13,673 lbs. on October 1st and on November 1st, they weighed 21,120 lbs., making a total gain of 7,447 lbs., or an average daily gain per head of 2.1 lbs.

The yield of the corn hogged down was estimated at 50 bushels per acre, and on this basis, each acre produced 496 lbs. of pork valued at present market price a \$39.68. Or figured another way each bushel of corn produced 10 lbs. of pork worth 80 cents.

Figured on the acre basis, the pork produced just about doubled the market price of corn, if the crop had been sold on the open market. It should also be noted that the hogs did their own husking while increasing the returns on the crop.

While this demonstration points out the fact that, through this method of feeding cost of production may be decreased, and a better return realized on the corn crop, the figures do not show that the farmer is getting rich by any means, as any farmer can see. For the farmer notices that the above figures include only feed costs, which is only one item of cost, and does not include such items as overhead, risk, etc.

The main point in this connection is the fact that the pork produced per acre is worth on the market \$39.68, while the market value of the corn is only about \$15.00, much below the cost of production. Instead of the farmer paying at least three cents per bushel for husking the corn, these hogs paid \$18.42 per acre for the privilege of husking the corn, thereby bringing the returns from the crop nearer the cost of production.

TO SHOW THE VALUE OF MULTIPLE HITCH

Arrangements Made For a Demon-
stration to be Held Saturday by
Harold Beall of Clarksburg

MUCH MORE POWER OBTAINED

Liberty, Ind., Nov. 4.—Arrangements have been made for a multiple hitch plowing demonstration to be held here Saturday by Harold L. Beall of Rush county, with County Agent Foster Campbell in charge. The demonstration will be staged for the purpose of showing to local farmers the value of the multiple hitch, which provides for placing one team in front of another, even up to eight horses. By this method, much more power is obtained than by hitching four abreast as the side draft of a plow is eliminated and all the energy a horse expends goes to turning the soil over.

"The problem of many farms is not to get more power but increase the efficiency of the power we already have," said Mr. Campbell. "The hitching demonstration which has been arranged, shows one way of doing this."

Farmers from Union and surrounding counties, including some from Ohio, are expected to attend. Beall will use some of the animals from their Percheron farm at Clarksburg.

CLOVER SEED

I am taking orders for Little Red Clover seed at \$12.50 per bushel. Mammoth at \$12.80. Freight added. You can leave orders and checks with Wilbur Stiers, Rushville National bank if you don't see me.

RUSHVILLE MEETING SET

Farmers Will Elect Officers at Court
House Wednesday Evening

The annual meeting of the Rushville Township Farmers association, for the purpose of electing officers, will be held at the court house assembly room next Wednesday evening at 7.30 o'clock, it was announced today. On account of the importance of the session, a large attendance of members is urged.

Annual meetings are being held by all of the township associations in preparation for the forthcoming year, and new officers are being elected in each township.

ARMENIA IS IN DESPERATE NEED

The "Why" of the Present Grain Ap-
peal in Grain States is Supplied
by Prof. Albert Johnson

MADE A SPECIAL STUDY

Nothing Short of Large Gifts of
Grain From America Can Prevent
Enormous Loss of Life

"The 'why' of the present grain appeal in Indiana and other grain states is supplied by Prof. Albert A. Johnson, director of the Institution of Applied Agriculture of Long Island, N. Y.," says Russell G. East state director of the appeal being made to farmers for corn for starving children of Southern Russia and the Near East.

Prof. Johnson went as a commissioner to the Near East to see for himself what the conditions are. He made a special study of food needs. The following cablegram sent to Near East Relief by him from Tiflis, once the "Paris of the Near East" tells what he saw of the world's greatest distress:

"The situation in Armenia and Transcaucasia desperate. Though the people are bravely endeavoring to produce the necessary food, this year's harvest was pitifully inadequate to supply their needs. All agricultural operations were demoralized by recent warfare. Nothing short of large gifts of grain from America can prevent enormous loss of life. One sees heartrending scenes on the streets of every city as the dead wagon collects its daily toll. Near East Relief orphanages and other institutions are taxed beyond their capacity while thousands of destitute orphans clamor for admittance. Children are dying for lack of food daily. Winter will mean certain death to thousands unless outside aid is extended. Will not American farmers make generous contributions of grain? The Near East Relief is equipped and ready to extend its life saving work but the need for additional food supply is unlimited."

An agricultural committee of the relief organization is asking Indiana farmers for 200 ear loads of grain, and Rush county's quota is three and one-half cars.

SHOW PLANS ARE ABOUT COMPLETED

Rush County Products Show Com-
mittee is Busy on Smaller
Details For the Big Event

TO BE HELD WEEK OF DEC. 5

Garage Building in South Morgan is
Rented and Competent Judges
Are Being Selected

With the general plan already worked out there remains only the arrangements of details to complete the plans for the Rush County Products Show, which will be held in Rushville, December 5, 6, 7 and 8. The Kirkpatrick garage in South Morgan street has been secured by the committee for the show and the committee is now busy engaging competent judges and working up the week's program.

The products show is the outgrowth of the corn show which has been held in the county in previous years. On account of the fact that Rush county is the leading hog county in the United States and because of the wide interest among Rush county folks in the poultry industry, it has been decided that hogs and poultry exhibits should be added to the annual exhibit.

The attractive premium list of something like \$1000.00 is certain to attract a large entry list in each department, and the special features on the program this year will mean added inducements to attract visitors. Wednesday has been designated as "Home Coming Day," and a great attendance is expected on that day especially.

As a special attraction for Wednesday, a great farmer's meeting is being planned for the evening with one of the best speakers obtainable secured to deliver the principal address. This meeting, which will be held in the Graham School Annex Auditorium will likely be attended by a great percent of the farmers of the county. On the night of the closing day a big "Get-together banquet" is planned.

Of course there will be special features to prove of interest throughout the show, but the committee in charge of the program arrangements is keeping their plans somewhat in the dark with the idea, it is announced of springing some big surprises.

The premium lists will be printed in the next few days and any farmer in the county who failed to get one in the mail should apply to the secretary for a copy. All correspondence should be addressed to the secretary, care of county agent's office.

Best Place Outside Of Cold Storage For Seed Potatoes Is An Outdoor Pit

The best place outside of cold storage to store seed potatoes is an outdoor pit which may be constructed in the back yard or garden. The pit method of storage is being recommended by Purdue University vegetable gardeners who have used this methods successfully for several years keeping the seed potatoes as late as May 15, with scarcely any loss. F. C. Gaylord of the Horticultural extension staff has outlined the method of constructing a pit as follows:

Select a well drained portion of the garden or field, dig a hole four inches deep and about five feet wide and as long as necessary, remembering that the potatoes should not be piled higher than four feet deep. Line the bottom with a thin coat of straw. Nail three four-inch boards loosely together so as to form a triangular shaft and set this on the straw in the middle of the "dugout". Place the potatoes on the straw

around the shaft so that they form a triangular pile.

When all the potatoes are placed in the pile, they should be covered with a 12-inch layer of dry straw or grass, then a 12 inch layer of dirt. As the weather becomes cooler, an additional layer of 12 inches of straw and 12 inches of dirt should be added. This keeps the soil under dirt has become firmly frozen, a two foot layer of straw or manure must be added. Thick eeps the soil under it frozen and thus the temperature is held even until late spring which also prevent freezing of the potatoes or vegetables.

As freezing weather approaches, the ventilator should be plugged with straw or rugs to prevent freezing. Before the manure is placed on it, the ventilators should be sawed off even with the ground and covered with the manure or straw covering.

New York Stocks

New York, Nov. 4.—Confronted by a highly constructive bank statement which showed combined ratio of the federal reserve system at the highest point since October 1917, the New York stock market was buoyant at the opening here today.

The publication of the Pan American earnings statement was also a bullish factor as the company was shown in six months to have exceeded its dividend requirements for the full year. Mexican Petroleum sold at 107 1/4, a new high on the recovery from the peak earlier in the week.

Asphalt started at 64, up 3/4; Pan American 47, up 1/4; Baldwin 91 3/4, up 1/4. Rails also felt the impulse towards higher levels. Northern Pacific gains 3/4 to 75 1/2 and Penna 1/8 to 35 1/2.

The whole market turned strong before the end of the first hour. Steel common got up to its last weeks figure 81 1/2 while a number of issues went through old highs.

There was no let up in the demand for bonds and practically the entire bond list worked into a new high ground.

Mexican Petroleum, reaching 108 reacted about a point.

The opening prices on the exchange include:

Rail Stocks 50 1/2 unchanged; Pan American Petroleum 47 up 1/4; Tobacco Products 60 1/2 unchanged; New York Central 72 3/8 up 1/4; Mexican Petroleum 107 off 1/4; Northern Pacific 75 1/2 up 3/4; Texas Co. 43 1/2 up 1/4; Baldwin 91 3/4 up 1/4; Sinclair 23 1/2 unchanged; U. S. Steel 81 1/2 up 1/4; United States Rubber 47 3/4 off 1/4; American T. & T. 108 3/4 unchanged; Asphalt 64 up 3/4; Union Oil 20 1/4 off 3/8; Erie 12 1/2 up 1/4; Anaconda 42 1/2 up 1/4; Crucible up 1/4; American Can 38 3/8 up 1/8; Royal Dutch 49 up 1/8 Atlantic Gulf 30 up 1/4; Delaware Lackawanna and Western 107, unchanged.

FIRE THREATENS TOWN

Lockhart, Tex., Nov. 4.—Fire originating in the postoffice of Dale, Texas, near here and spreading to other buildings is threatening the entire town, according to word received here this morning.

STATE CONVENTION OF FARMERS NOV. 15-16

Certificates of Identification to be
Used by Members to Get Reduced
Rates May be Obtained

RATES GOOD FOR FOUR DAYS

Many Rush County farmers will likely take advantage of the special rates on all roads which are available to members of the farmers' organization and will attend the state convention which will be held in Indianapolis November 15 and 16.

Certificates of identification for the use of members wishing to purchase reduced fare tickets for the conventions may be secured at the office of the association in the court house. Those who go on the I. and C. may obtain reduced fare without certificates, providing they go on the cars leaving Rushville at 6.08, 8.02 and 9.38 in the morning. Rates are good for four days, November 14-17 inclusive.

In discussing the state convention today, one of the officers of the Rush County Farmers' Association stated that "Every farmer who can possibly get away should make an effort to attend the state convention this year. Some big things have been done during the past year by the organization, and other important projects are being worked out. Farmers will be interested in learning of these activities direct from the men in the work. A trip to the state convention will do more to impress upon a farmer the strength of his organization than any other thing."

DAIRYMEN OF STATE TO MEET

Announcement of Indianapolis Ses-
sion November 11 Received Today

The local Farmers' Association received this morning from the Indiana Federation of Farmers' Ass'n a notice of a call meeting of the Dairy Farmers of the territory adjacent to Indianapolis which will be held at the Hotel English, 10:00 a. m. Nov. 11.

The purpose of the meeting is to consider the constitution, by-laws, contract, etc. for a dairy marketing organization. Mr. D. Campbell will make an address. He is president of the National Milk Producers' Association and one of the Dairy Committee of Eleven appointed by the American Farm Bureau.

This conference will be of interest to cream producers as well as milk producers.

All Farmers Know A Good Thing

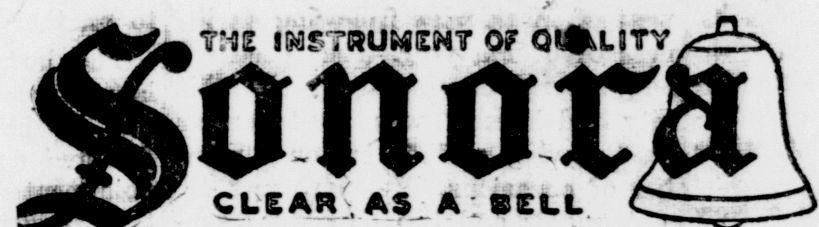

When they See It

This is especially true with the farmers of this community. Whether it is a good hog, piece of land, ear of corn, or machinery—they all attract the closest of observance from the farmer.

That Is One Reason Why

The farmers of this community trade at Johnson's Drug Store in Rushville. They know a good thing when they see it. They know that dependable merchandise is here for their examination. They know that only the best of drugs and medicine is carried in stock, and that they are welcome to visit the store whenever they are in the city.

Come in and listen to a few musical numbers on the

"The World's Greatest Talking Machine"

This instrument is sold only in Rushville at Johnson's Drug Store, which also is the home of the Famous Penslar Remedies.

DON'T NEGLECT TO GUESS ON THE NEEDLES — YOU MAY WIN ONE OF THESE WONDERFUL MACHINES.

PERSONAL POINTS

—William A. Alexander spent the day in Indianapolis.
 —John Gray spent the afternoon with friends in Indianapolis.
 —Alva Newhouse was among the visitors today in Indianapolis.
 —Phil Wilk was among the visitors in Indianapolis this afternoon.
 —Mrs. James Gilsey was among the passengers to Indianapolis today.

—Mrs. Charles Hendricks was a business visitor in Indianapolis today.
 —The Rev. C. S. Black was among the passengers this morning to Indianapolis.
 —Mr. and Mrs. George Wingerter were among the visitors in Indianapolis today.
 —Capt. Will B. Brann of the local guard unit, was among those from Rushville who participated in the parade today at Indianapolis in honor of Marshal Foch, who visited in that city today.

—Loren Meek was among the visitors from this city to Indianapolis.
 —Donald L. Smith was among the visitors in Indianapolis this afternoon.
 —Mrs. Glen Miller and Mrs. P. A. Miller were among the visitors today in Indianapolis.
 —O. F. Bassard went to Indianapolis this morning where he spent the afternoon.
 —Mr. and Mrs. O. P. Wamsley were among the visitors in Indianapolis this afternoon.
 —Donald Moore spent the day in Indianapolis and witnessed the military parade this afternoon.
 —Ab Denning and Posey Denning were among the visitors in Indianapolis this afternoon and witnessed the Marshal Foch parade.
 —Mr. and Mrs. J. M. Lee were among the passengers to Indianapolis where they viewed the Foch Day military parade this afternoon.
 —William Pugh and Denning Havens were among those from this city who witnessed the military demonstration this afternoon in Indianapolis in honor of Marshal Foch.
 —Mr. and Mrs. Harvey Allen were among the passengers to Indianapolis where Mr. Allen participated this afternoon in the line of march in the Foch Day parade.
 —Mrs. Fred Arbuckle and Mrs. Floyd Kirkin were among the passengers this morning to Indianapolis, where they attended a meeting of the Christmas seal sale workers, which was held at the Severin hotel at noon.
 —Dr. and Mrs. E. H. Saniter of New York City will arrive this evening from Kansas City where they have been attending the American Legion convention. Dr. Saniter will return home tomorrow but Mrs. Saniter will remain for a few weeks visit with the Misses Alice and Lenora Norris, at the home of the former 632 North Harrison street.

SEEK RATE DECREASE

Washington, Nov. 4.—Four western states Kansas, Arizona, North Dakota and Nevada, applied to the Interstate Commerce Commission today for a reduction on intrastate and interstate freight rates on wheat and coarse grain of approximately sixteen per cent.

CARTER WEEK

Carter Knit Underwear is successfully worn by women with their smartest gowns.

This statement of fact comes from actual test, and because of its health preservation, must be termed the first achievement of the age.

Its patent spring stitch needle weave gives it an elasticity and flexibility peculiarly its own.

It is warm, soft, clingy and it never wrinkles.

It is comfortable and durable.

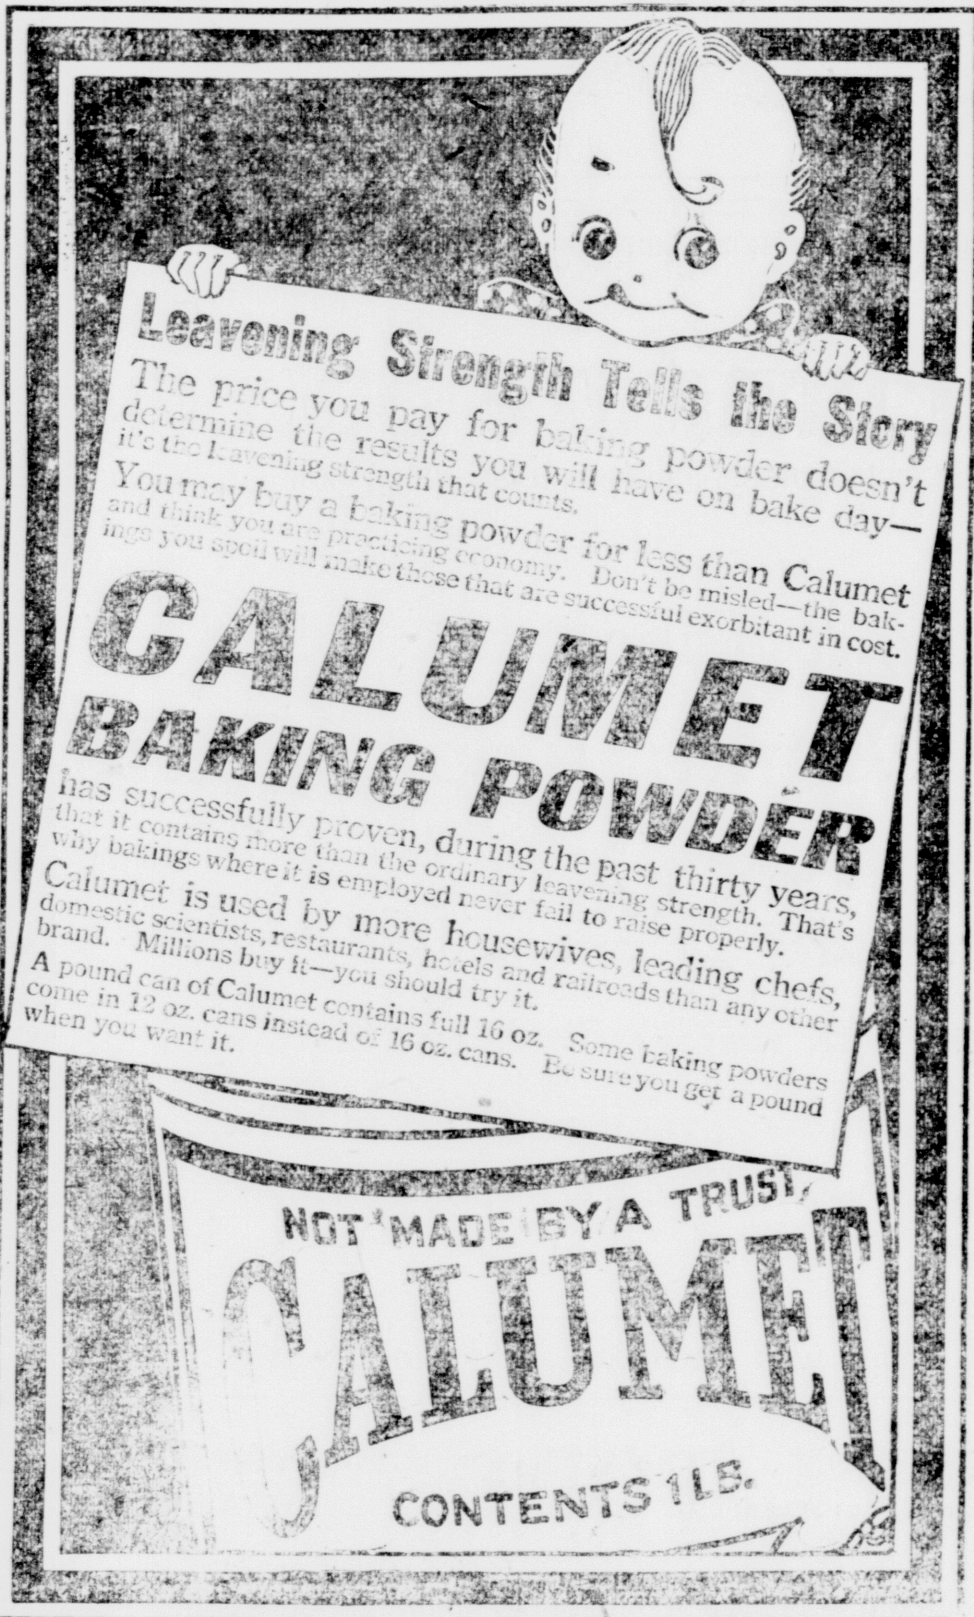

It is economical because, though evidently different from other regular lines, it COSTS NO MORE.

YES — CARTER WEEK IS IMPORTANT

Leavening Strength Tells the Story
 The price you pay for baking powder doesn't determine the results you will have on bake day—
 it's the leavening strength that counts.
 You may buy a baking powder for less than Calumet and think you are practicing economy. Don't be misled—the bakings you get will make those that are successful exorbitant in cost.
CALUMET BAKING POWDER
 has successfully proven, during the past thirty years, that it contains more than the ordinary leavening strength. That's why bakings where it is employed never fail to raise properly.
 Calumet is used by more housewives, leading chefs, domestic scientists, restaurants, hotels and railroads than any other brand. Millions buy it—you should try it.
 A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Duroc Sow Sale

To Be Held at Woodlawn Farm

Home of the Hoosier Giants, 3/4 mile west of Mays, Indiana.

50 - HEAD - 50

HOOSIER GIANT JR., 127593

WEDNESDAY, NOVEMBER 16, 1921

TRIED SOWS, YEARLING AND SPRING GILTS

Several bred to Hoosier Giant Jr., the largest Duroc boar in Indiana. Others bred to Foust's Top Col. Jr., 196733. Many, sold open. Everyone a good one, sired by the most popular boars of the breed.

ATTENTION FARMERS!

What are you going to do with your corn crop? Can you pay taxes and maintain soil fertility at the market price? The surest plan is feeding good hogs. The Durocs are ideal feeders. Buy some of these young sows while prices are right. There never was a better feeding margin. There never was a better opportunity to start a pure bred herd. Can you think of a safer investment? Now heads up, the people must go to work and when they work they must eat.

TERMS—CASH. Sale begins at 12:30 P. M. An excellent dinner will be served on the grounds by ladies of Center church. Good roads lead to the farm from all directions.

JURY DEADLOCKED
 Twin Falls, Ida, Nov. 4.—The jury considering the fate of Mrs. Lydia Southard, alleged blue bearded on trial for murder of her fourth husband, was still deadlocked early today. The case was given to the jury late Thursday.

INSPECTOR STATES IMPORTANT FACTS

Well-Known Terre Haute Man Was Afraid He Would Have to Leave His Job

"When it comes to building a man up and making him feel fine all the time, Tanlac is in a class by itself," said John E. Ravallotte, 1518 Franklin, Ave., Terre Haute, Ind., well-known car inspector for the South-eastern Railroad.

"I had an awful siege of it for fourteen years with stomach trouble and finally got so weak and run down I was almost past going. My work requires me to stoop over a good deal, and actually my back used to feel like it would break in two and I suffered so much I thought I would have to give up my job."

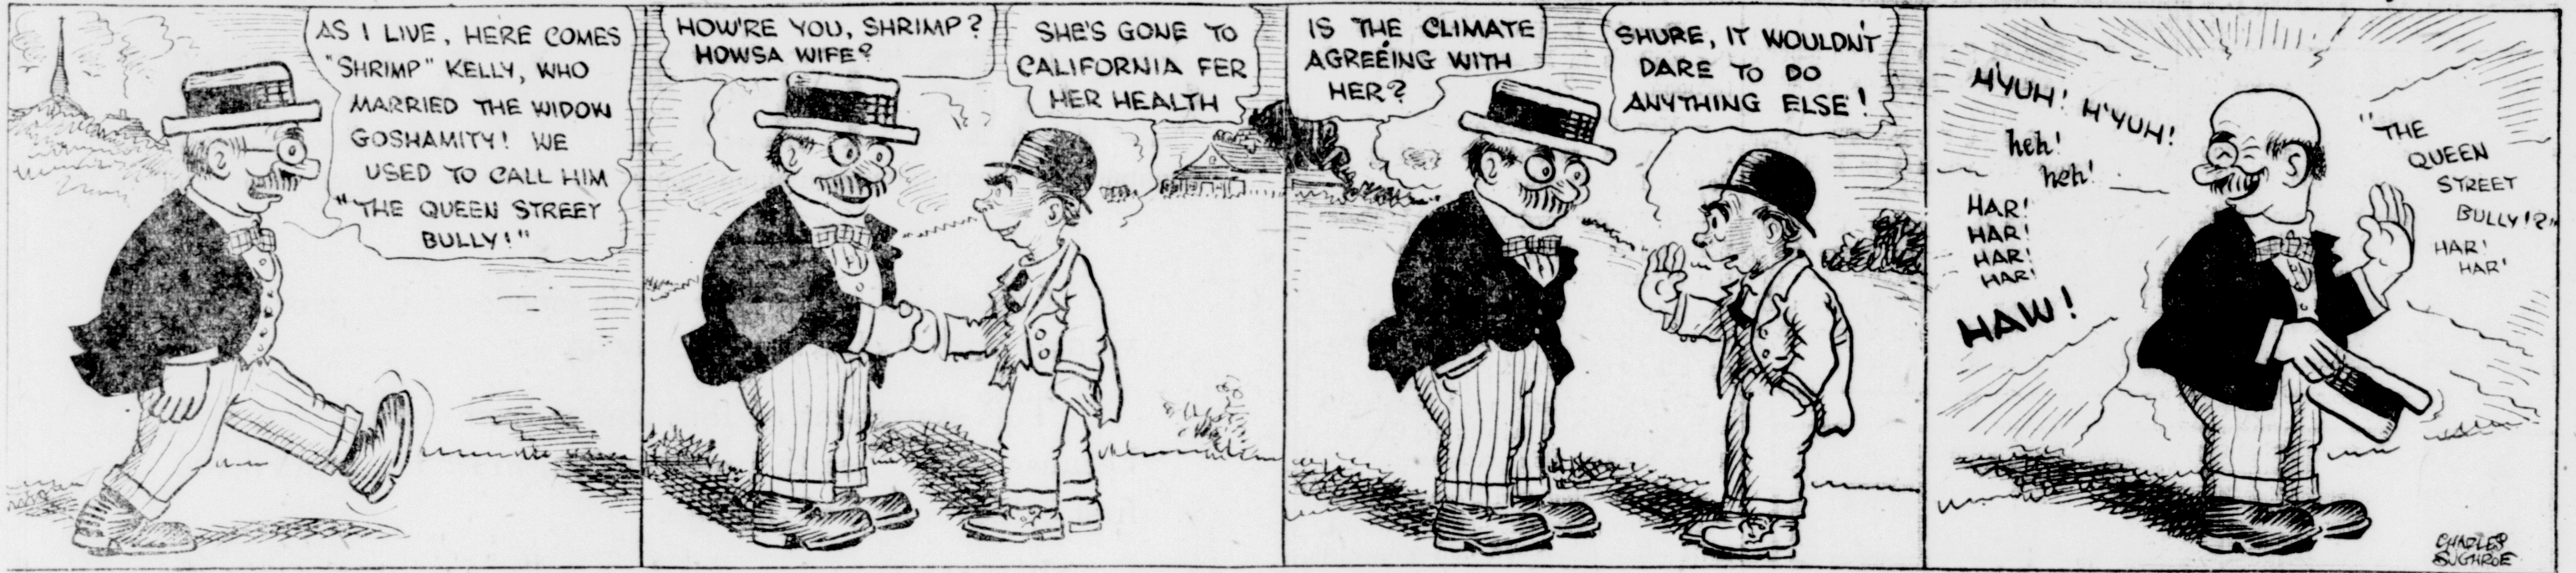

"I'm like a different man though now; eat three big meals every day and feel fine all the time. In fact I feel more like a boy of twenty than a man of my age. Tanlac certainly delivered the goods for me."

Tanlac is sold in Rushville by F. B. Johnson Drug Co. and by leading druggists everywhere. Advertisement

Too Big Business

Rockefeller is presumably the richest man in the world. His wealth is so great that even he cannot estimate it. Yet every day sees him a richer man.

Henry Ford a very poor man a few years ago, is now said to be worth \$250,000,000 or more, all accumulated within a few years of time. Henry is still grinding out lizes and raking in the pennies.

The number of our plutocrats is so great that their combined wealth

is staggering, and still they multiply in both numbers and wealth.

The war brought enormous wealth to this country, but the great majority of it went into the swollen coffers of the minority. The majority were permitted a sniff.

Some say that we are cursed with big business. But that we do not concede. It is because of big business that this is a big country.

But there is such a thing as TOO BIG BUSINESS.

When a concern reaches proportions where it can dominate everything in its line and regulate prices without regard to competition or the law of supply and demand, it ceases to be a national asset and becomes instead a burden to the people.

It is too big to be safe.

If men could take their wealth to heaven and enjoy it there we could understand why they continue to amass enormous fortunes which they can not possibly spend.

The great wealth that thus passes into the hands of a limited number simply reduces the amount in the hands of the mass of the people. As the few become bloated the many become emaciated.

Congress should no longer shirk its plain duty to the people. It should place a limit upon the income which any one man may enjoy. It should confiscate every dollar of that income above the limit in the form of taxation and thus reduce the burden which rests so heavily upon the shoulders of people who can ill afford it.

Big business should be protected and regulated.

Too big business should be prohibited.

The Premiers Are Coming

It is a matter of congratulation that the British and French premiers are to represent their countries at the Washington conference. Were officials of less rank to head the two delegations, there would be the necessity of referring important decisions to the home government for final action, with consequent delay and the impossibility of communicating by cable all of the atmosphere that will surround the discussions. The reputed "wizardry" of Lloyd George will have no terrors for the American delegation. They have no personal ambitions to serve their sole though being for the suc-

cess of the conference so far as that may be attained without surrender of American rights. Unfortunately, as much cannot be said of the head of the American delegation to the Paris peace conference, who promptly revealed his paramount ambition to his foreign colleagues, and they as promptly used it for the purpose of winning concessions for all of their own pet projects.

A noted Russian singer says that the less a woman wears the longer she will live. In that event it is only a question of time when half of the undertakers will go out of business.

It might be well to keep congress in session during the disarm meet. It would furnish excellent relaxation and amusement for the weary delegates.

Our diplomats abroad have been rather fortunate of late. Those attempts to kill them gave them some perfectly good newspaper publicity.

Trouble with this country is, there are too many things of the past. They should be improved upon and made assets of the future.

The hustler takes what life has in store for him and then goes out and gathers in a little more.

Don't argue with your razor. It is sharper than you are.

FIRE DOES \$3,000,000
WATERFRONT DAMAGE

Blaze Destroys Five Piers of Erie
Railroad, Warehouse, Two Oil
Trains, Thirty Barges

EMBERS FALL ON NEW YORK

(By United Press)

New York, Nov. 4.—Fire swept the Weehawken front for half a mile this morning destroying five piers of the Erie railroad, two oil laden trains, a huge warehouse and thirty barges before it was finally under control.

The damage estimated at \$3,000,000.

Embers from the terrific blaze rained down upon New York's theater and cabaret district, while crews of vessels up and down the river were called to fire posts because of blazing fragments blown across the river.

Fanned by a high wind, great columns of smoke and billowing flames shot up from the burning piers and oil tank trains on the Weehawken river front, making the blaze the most spectacular witnessed from Manhattan since the Black Tom disaster.

Kiddies' Colds Can
Be Eased Quickly

Dr. King's New Discovery will do that very thing, easily and quickly. Don't say, "Poor little kiddie, I wish I knew what to do for you!" When the cough first comes, give a little Dr. King's New Discovery as directed, and it will soon be eased.

It's a good family cough and cold remedy, too. Loosens up the phlegm, clears up the cough, relieves the congestion. No harmful drugs. For fifty years a standard remedy for colds, coughs, grippe. At your druggists, 60c. a bottle.

CONDITIONS ON ROUTES IMPROVE

Campaign For Strict Adherence to Postoffice Rulings Regarding Boxes Gets Results

SERVICE DEPENDS ON IT

Postmaster Fon Riggs expressed himself today as highly pleased with the response made by the majority of the rural route patrons to the campaign for better mail box conditions. The movement was started nearly a month ago on instructions received from the postmaster general to make a list of all rural route patrons whose boxes did not meet the requirements of the postal laws.

Charles H. Brown, assistant postmaster, made a tour of the routes leaving the Rushville postoffice and checked up on the conditions of the boxes as to whether they met the requirements.

The postmaster general's order provides that warnings shall be sent to all patrons whose boxes are defective, instructing them to correct the defects at once. After they have been given an opportunity to comply with the order and do not do so, their names are to be sent to the postoffice department, according to the instructions from Washington, and a loss of mail service will result. Although the local postal authorities would regret to see any of their patrons lose the service, they are compelled to follow these instructions to the letter.

The more important defects in boxes seem to have received more general attention than the smaller ones. Boxes which were on the wrong side of the road have nearly all been moved as the instructions sent out in these cases asked. However, there are a number of other matters which the people seem to regard as minor, but which as the postmaster points out, are really of just as great importance. Many patrons apparently do not realize the necessity of the owner's name appearing on the box but this is required without exception. Another matter subject to considerable negligence is the flag, or signal which must also be placed on the box.

Unless these smaller matters are attended to, the owners must be reported just the same as if the defects were of greater apparent importance, and their service will be stopped as a consequence. The campaign is for the betterment of rural route conditions, and all the requirements pertaining to boxes are of equal importance in the view of the department. Those persons who have received notice from the postoffice should take immediate action unless master in regard to box defects should take immediate action unless they have already done so.

SUSPECT IS RELEASED

Lead, S. D., Nov. 4—Authorities turned to new trails today in an attempt to find the murderer of Father A. B. Belknap, Catholic priest. A suspect arrested at Sidney, Neb., was released when it was found he had no connection with the case. No trace of Andrew Orland, strongly suspected of the crime, has been found early Friday. Deputies were searching for him at Edgmont again following a report that he had been seen there.

ASSASSIN'S ATTACK CAUSES HARA'S DEATH

Japanese Premier Succumbs After Being Stabbed in Railroad Station in Tokio

FIRST COMMONER IN POWER

Washington, Nov. 4—Premier Hara of Japan is dead following an attack by an assassin, the state department was advised today.

The department received this official word from the American embassy in a Tokio cablegram timed at ten o'clock Friday evening.

The premier had been stabbed by an assassin in Tokio railroad station. Hara was widely known as the first commoner ever to head the imperial government of Japan. Hara is president of the Eirowai party, the party now in power. He was born in 1854.

Hara, it was thought for a time, would be chief of the Japan delegation to the Washington conference. Many people in Japan urged that he come to Washington as head of the delegation. Hara gave his reason for not coming because he could not speak English.

There was speculation on the question today as what effect the assassination of Hara will have on the Japanese part in the conference.

SAYS WOUND WAS SELF-INFLICTED

Continued from Page One
dence of a struggle. The gun stock also might have been broken from a heavy discharge.

The mystery surrounding the patches of blood in the doorway, also is believed to have been cleared up, when Jesse Shelton, the owner of the farm and the man who discovered his dead body, testified before the coroner yesterday.

He said that in his excitement of finding the dead body, he no doubt tracked the blood "out into" the kitchen, when he went to reach a telephone. He stated that he had to walk 1 1/2 miles to the nearest telephone, and on account of the distance, the spots had been worn off his shoes, if he had been the one to track in the blood.

The murder theory also is not believed possible because no motive could be found for anyone taking his life. As far as the family knew, the dead man did not have an enemy, and the possible theory of robbers also has been dispelled because there was no large amount of money available in the house.

The coroner is of the belief that the shooting must have taken place about ten o'clock in the morning, although his body was not found until almost four o'clock in the afternoon.

Mrs. Ross and small infant were spending the day with her parents, Mr. and Mrs. William Warfield, north of Manila, and there was no one else around the house, until Mr. Shelton appeared in the afternoon with a load of hogs to be placed on the farm.

The funeral services were held this morning at 10:30 o'clock in the Friends church in the northwestern corner of Walker township, with interment in Blue River chapel cemetery. Mr. Ross was a member of this church.

Babe's Stage Debut

Mt. Vernon, N. Y., Nov. 4.—Babe Ruth isn't a bad actor the natives say who saw the swat king make his stage debut here last night in a sketch "That's Good." The bambino appeared with Wellington Cross and a pianist. He cracked jokes and sang a dialogue number with Cross "little by little." The act was well received and Ruth had to make a curtain speech. Judge Landis was worked into lines when a stage telegram supposed to be from the commissioner was handed to the babe. "Is it serious?" Cross asked. "I should say it is, seventy-five cents collect" Ruth answered.

PARCEL POST IN A LARGE DECLINE

Continued from Page One
livered with 8,244 pieces being collected.

The amount of mail handled during October fell below the same count for last October, and the loss consisted for the most part to publications, such as newspapers and magazines. It is the belief that on account of the corn husking, farmers neglected to renew their subscriptions, causing the papers to be stopped.

The number of pieces of mail matter delivered for each route during the month is listed as follows: 7,103 route 1; 5,857, route 2; 8,682, route 3; 9,197, route 4; 8,036, route 5; 7,487, route 6; 9,313, route 7; 5,389, route 8; 6,296, route 9; 7,347, route 10.

The number of pieces collected from the ten routes also amounted as follows: 738, route 1; 681, route 2; 1,202, route 3; 786, route 4; 670, route 5; 769, route 6; 1,126, route 7; 760, route 8; 729, route 9; 783, route 10.

SUCCESS OF ARMS CONFERENCE SEEN

Continued from Page One
A resolution expressing Parliament's approval of the meeting was adopted following debate, without a dissenting vote.

The discussion was without controversy and it became apparent that the House would overwhelmingly approve the motion.

John P. Clines, Laborite and former food controller who introduced the resolution in a speech pictured the horrors of future wars and said that civilization might even be destroyed in the event of another conflict. He lamented the fact that twenty percent of the national income is spent on armament.

Sir Donald MacLean spoke in a like vein.

Great Britain will seek a means of insuring world peace through the Washington arms conference, Austen Chamberlain, government spokesman declared.

"The policy of the British is to seek peace and to insure it, earnestly hope the conference will bring relief to an overburdened world," Chamberlain declared during debate on a motion to place the House on record as approving the conference.

STRIKE IS CALLED IN DISTRICT NO. 5

Continued from Page One
of the operators in sixteen other states President John L. Lewis would not disclose his hand.

He has never come out definitely with a strike order calling upon the men to walk-out when the check off is abrogated. But in telegrams to his members, he advised them to consider abrogation of the check-off as violation of contract and to "act accordingly." This in ordinary union terms means a strike, but if the miners were thrown into a "tight hole" it would not be difficult to pull out by interpreting it differently.

Federal Judge Anderson who issued the injunction has watched the movements of both factions. But he hasn't said a word publicly. His injunction restrained the operators from deducting union dues from the miners pay check under the check-off system, and prohibited the union from further efforts to organize the open shop fields in West Virginia.

In a statement preceding the writ, Judge Anderson said the check-off apparently was a violation of the Sherman anti-trust act. Two years ago this month he issued an injunction halting a nation-wide bituminous strike under the Lever law.

The country was in virtually the same situation with regard to fuel supply as it is now on the verge of winter—very little reserve on hand.

Refuse to go Back

Columbus, Ohio, Nov. 4.—Miners in the Hocking Valley field refused to return to work on orders of their leaders today.

Estimates early today were that nearly 2,000 workers were still on strike against the order forbidding the check-off system.

Operators of eastern Ohio prepared for a meeting in Cleveland today to decide on a stand on Judge Anderson's injunction. They were expected to follow the course of the southern Ohio coal exchange which met here yesterday and adjourned until Monday without making a decision.

District 8 Not Affected

Terre Haute, Ind., Nov. 4.—District 8, United Mine workers of America, which comprises all of the Brazil coal region is not affected by the injunction of Judge A. B. Anderson against the "check-off" system of collecting union dues. The "check-off" system is not used in the Brazil region.

International President Lewis has urged the district 8 miners to stay on their jobs.

ASK YOUR NEIGHBOR SHE WAS HERE

SOCIETY

Edited By Miss Edna Krammes
Phone 1111

The regular stated meeting of the Martha Poe Chapter, No. 143, O. E. S., will be held this evening at the temple promptly at 7:30 o'clock.

The Big Flatrock C. W. B. M. met at the home of Mrs. Will Billings southwest of the city yesterday afternoon. A very interesting program was given, which was followed by the serving of light refreshments.

Mr. and Mrs. Sam Young entertained with a prettily appointed dinner party yesterday at their home in North Perkins street. Covers were laid for Mr. and Mrs. Roy Jones, Dr. and Mrs. John M. Lee and family and Mr. and Mrs. Lucien Miller.

The Woman's Missionary Society of the Little Flatrock Christian church held its regular monthly meeting yesterday afternoon in the parlors of the church. An unusually interesting program was given under the leadership of Mrs. Mollie Goddard. Refreshments were served.

Mrs. Will Billings was pleasantly surprised last evening when a number of her friends gathered at her

home with well filled baskets to remind her of her birthday. After a sumptuous pitch-in dinner the remainder of the evening was enjoyed in rook and with an informal social party.

The Ladies Aid Society of the St. Paul's M. E. church will give a musical program next Tuesday afternoon from the hours of three to five o'clock at the home of Mrs. D. C. Compton, 314 West Third street.

Mrs. William Noll and Mrs. James Foley went to Indianapolis this morning where they will attend the wedding of Miss Thelma Williams, daughter of Howe Williams, and Robert Rasor, tomorrow. Miss Williams formerly lived in this city.

Members of the Grand Club and their husbands were royally entertained last evening with a delicious six o'clock dinner party at the home of Mr. and Mrs. George Aultman in West First street. Following the repast the guests enjoyed the remainder of the evening over the card tables playing bridge.

The Woman's Foreign Missionary Society of the St. Paul's M. E. church enjoyed a very pleasant meeting at the home of Mrs. S. L. Innis, corner of Perkins and Seventh streets, yesterday afternoon. Mrs. George Davis read a very interesting report from the branch meeting and the Kings Herald's presented a clever little playlet which was immensely enjoyed by those present. Many postcards were also received from those present which will be used to send to the Philippines.

RIOTING IN MILK STRIKE

New York, Nov. 4.—Rioting and violence marked the opening of the fourth day of New York's milk strike. Thousands of gallons of milk were taken from trucks early today and dumped into gutters while women, out early to buy milk for their babies had to pay forty cents a quart to peddlers.

MORAL SUPPORT OF KING MAY BE ASKED

George in Conference With Premier Lloyd George Regarding Irish Peace Negotiations

DISCUSS ULSTER COMPROMISE

By ED. KEEN
(U. P. Staff Correspondent)
London, Nov. 4.—King George may be asked to lend his moral support to the proposed compromise in the Irish situation, it was learned today.

The king whose plea for peace in convoking the Ulster parliament at Belfast opened the way for the present negotiations was in conference last night with Premier Lloyd George.

The titular and actual heads of the British government were known to have discussed at length the present crisis, with particular reference to Ulster.

If Sir James Craig premier of Ulster, remains obdurate against concessions when he confers with Lloyd George here tomorrow, it was believed that moral pressure might be exerted on him from Buckingham palace.

MRS. GEORGE JONES DIES

Former Glenwood Woman Expires at Connersville This Morning

Word was received here this morning of the death of Mrs. George Jones, aged 39 years, which occurred this morning in Connersville. Mrs. Jones had been ill for two years suffering with a complication of diseases.

She was well known in Glenwood where she spent most of her life. The husband and four children survive. No word has been received of the funeral arrangements.

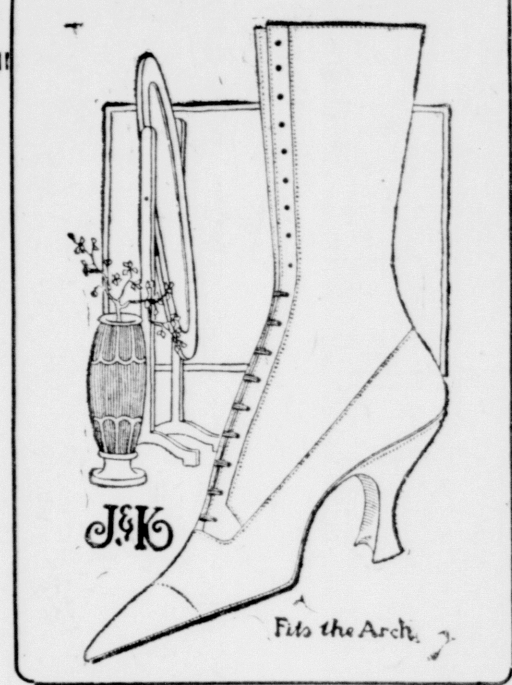

MADALYNNE MAY GO FREE

Los Angeles, Nov. 4.—Madalynne Obenchain may be released today from the jail where for three months she has been confined on a charge of killing her sweetheart, J. Belton Kennedy. Promptly at 2 o'clock, Pacific Coast time, Judge Reeve will announce his decision on the motion of Charles Erbsstein to dismiss the charge against his beautiful client.

J & K Fall Boots

Have Arrived

We have the new lasts and patterns in either black or brown, with military or high Louis heels. Sizes 3 to 8, AAA to D.

Ask to see the new J. & K. FOOT SAVER—a shoe designed to correct the foot ailments of people who do not care to wear Arch Supports.

Come early while the sizes are complete
so as to be correctly fitted

The Mauzy Company

Governor McCray Dedicates Site Of State Memorial Building and Plaza

Indianapolis, Ind., Nov. 4.—In dedicating the site of Indiana's War Memorial building and plaza, which are to be the permanent national home of the American Legion, Governor Warren T. McCray of Indiana, made the presentation of the ground in the following address:

"We have met here today to deliver this ground to the Indiana Memorial Association, for the purpose of erecting thereon a memorial building to commemorate the valor and patriotic fervor of those heroic men who responded so nobly to our Nation's call in the great World War.

"The state of Indiana, the County of Marion and the City of Indianapolis, have made it possible to erect upon this site a building which is to be a constant reminder of the debt of gratitude we owe to the men who so grandly upheld the State's reputation for loyalty during the World's greatest crisis.

"However magnificent and enduring the structure to be erected upon this spot, it cannot adequately express the feeling that the citizens of Indiana cherish for the brave men in whose name the building will be built and to whose memory it will be dedicated. In architecture it should be in keeping with the spirit of those brave defenders who sublimely offered their services without display or pomp but with that solemnity and determination which denoted perfect allegiance and lofty devotion to the principles and ideals upon which the Nation was founded.

"It will be the execution of a beautiful thought that the cornerstone of this wonderful monument erected to memorialize the sacrifice and gallantry of our young soldiers be taken from the Marne bridge at Chateau Thierry, where the imperishable glory of American valor was written into everlasting history.

"It is particularly fitting that this historic ceremony take place in the honored presence of Marshal Foch, Commander-in-Chief of the Allied forces, whose military skill and genius in directing his command brought victory to the cause of humanity and the restoration of justice and liberty.

"It should be a matter of congratulation to Indiana that one of the uses to which this building will be appropriated is for the permanent home of The American Legion. The influence of having the headquarters of this great organization established and housed in our State will insure that the fires of patriotism will forever burn brightly and that the loyalty of our citizens as demonstrated in the past, can be confidently depended upon in the future.

"May the building which we see in vision today become a reality of tomorrow. May it be erected and maintained with the full realization of the sacredness of the purpose for which it will be designed and the cause to which it will be consecrated.

FIRST BEER PERMITS

Washington, Nov. 4.—The first permits for the manufacture and sale of medicinal beer were approved today by Prohibition Commissioner Haynes. The permits were issued for Joseph Schlitz, of Milwaukee and Piel Brothers of New York.

COLLECTIONS FALLING OFF

Amount to \$22,900.22 Thursday.
Leaving \$110,000 to be Paid

Tax collections Thursday again fell below expectations, amounting to only \$22,900.22. Of this sum, \$50.94 was delinquent taxes and \$22,849.28 was current. Collections up to yesterday amounted to \$334,026.02 and at the beginning of business this morning, the total was \$356,926.24. This leaves approximately \$110,000 to be collected in three days, or an average of more than \$35,000 a day.

The treasurer's office will be open tonight, Saturday and Monday evenings for the convenience of Rushville people, who are urged to refrain from calling at the office during the day Saturday so as to reserve that time for farmers who can not come at any other time.

"IN THE PUBLIC EYE" BY *Howard Allen*

If you are not at the present time getting the ease and comfort from the use of your glasses that they gave you when you purchased them it means that your eye structure has been undergoing a change—the glasses haven't changed any. Either your vision has improved and you need more youthful lenses or your eye muscles have become weaker and need stronger focusing aids. Let us examine them.

Foch Is Decorated With Insignia Of The Military Order of Foreign Wars

Indianapolis, Ind., Nov. 4.—In decorating Ferdinand L. Foch, the Marshal of France with the insignia of the Military Order of Foreign Wars, Dr. Carlton B. McCulloch said:

The Military Order of Foreign Wars is a National order to perpetuate the glorious history and traditions of the Army and Navy of the United States of America.

It believes that Honor and Justice, and Truth are the concomitants of Bravery and Patriotism.

It is honored in welcoming men who believe that such attributes are the foundation stones of character. And it honors such men in extending to them its comradeship.

It receives its inspiration from the Knights of the Round Table of King Arthur's time, as it also is inspired by the memories and example of that gallant company of the Salle Des Preux at Pierrefonds and such

patriotic characters as your Du Guesclin and Chevalier Bayard.

"These Knights are dust, Their good swords rust Their souls are with the Saints, we trust."

But, sir, the memories of their high patriotism and Military Glory have not rusted, they are green in our thoughts, and as an unforgettable example of what our own goal should be,

"For how can man die better Than facing fearful odds, For the ashes of his fathers And the temples of his Gods."

Sir, we are proud that the Indiana Chapter has the honor of conferring upon you membership in this Society. The example of your great career and the immeasurable inspiration to us, your erst while Comrades in Arms, and the great American people who sent us to your shores.

Young America Sends Vast Relief To Needy Abroad

Various relief projects of the Junior American Red Cross in European countries resulted in helping 237,000 destitute children during the last fiscal year, according to the annual report of the American Red Cross for that period. The growth of the activities of the Juniors abroad is manifested by a comparison which shows this figure is 200,000 larger than that of the previous fiscal year.

The National Children's Fund raised by school children, members of the Junior American Red Cross, was drawn upon for \$420,557 for these projects. Receipts for the National Children's Fund during the last fiscal year totaled \$155,317.

America Succors Russians
 Food, clothing and medical relief costing \$700,000 has been provided by the American Red Cross for the thousands of Russian refugees stranded last year in Constantinople and vicinity.

**PLAN EXTENSIVE
SUMMER BUILDING**With Further Reduction in Price.
Kosciusko County Will Spend
\$1,000,000 on Resorts**COUNTRY CLUB IS PLANNED**Site of 600 Acres With Proposed
Improvement Would Amount to
\$225,000 on Lake Front

Warsaw, Ind., Nov. 4—Dependent to some extent on further reductions in building costs country clubs and summer resort buildings will be constructed in Kosciusko county next year calling for an outlay of more than \$1,000,000.

One of the improvements contemplated the building of a country club and other improvements on Lake Papakechle at the northwest end of Wawasee lake, the estimated cost being \$225,000. The site is made up of 600 acres and recently was sold by the Charles A. Sudlow, estate of Indianapolis to J. A. Pritchett of Nappanee, acting in behalf of a syndicate of Nappanee residents.

Masons of northern Indiana will construct a summer hotel on Wawasee lake and establish a summer place for Masons exclusively at a cost of \$200,000 to \$250,000.

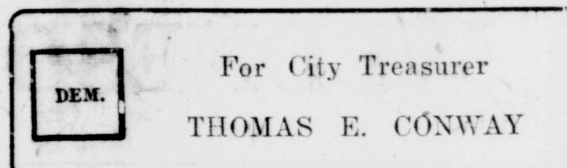

Warsaw professional and business men are planning the building of a country club on Tippecanoe lake at a cost of \$250,000. Tentative plans have been prepared by an Indianapolis architect.

The Epworth Institute of the Methodist Episcopal church of the North Indiana conference has taken an option on a large piece of land on the bank of Webster lake with the idea of constructing buildings to be used during summer months.

Other improvements are contemplated for both Winona and Wawasee lake.

There are not more than four or five volcano observatories in the world, the most important being those of Vesuvius and Kilauea (Hawaii). Professional volcanologists are also very scarce.

600,000 FROM DEATH**Spent \$1,200,000 for Relief of
Famine Sufferers in China
Last Year.

To help overcome conditions of acute distress in five famine stricken provinces of Northern China, where millions of persons were affected by an unprecedented shortage of food, the American Red Cross during the last fiscal year spent more than \$1,200,000, \$1,000,000 of which was contributed directly by National Headquarters and the remainder by various groups interested in the welfare of China.

Through the wide relief operations thus made possible it is estimated that more than 600,000 famine sufferers were saved from starvation.

To the end that similar prompt relief measures by the organization may always be possible the Red Cross is asking continued support by the American people by universal renewal of membership at the Annual Red Cross Roll Call, November 11 to 24.

The method of relief employed by the American Red Cross in its operations in China was particularly effective, for in addition to saving hundreds of thousands of lives it provided China with more than 900 miles of permanent roads that are sorely needed to prevent a recurrence of famine. At one time the Red Cross employed 74,000 Chinese workmen, paying them in food for themselves and dependents, this food being brought in from Manchuria and elsewhere.

AMUSEMENTS

Dorothy Dalton at Princess

One scene of "Behind Masks", Dorothy Dalton's latest Paramount picture, demanded the skillful driving of a high powered foreign car carrying Miss Dalton along a country road on the outskirts of New York. When it was time to "shoot" the scene, Director Frank Reicher was astounded to see the car come tearing down the road and go through the required action perfectly without rehearsal.

This unusual incident caused the director to make inquiries of the driver. It proved that he was Captain N. C. Fitzgerald, late of the United States Aviation Service, a dare devil automobile driver and aeroplane stunt man. He explained that he happened to be at the garage at the time that a call came in for a car and he volunteered to drive it in order to get motion picture experience for a production of his own he was going to put on. "Behind Masks", starring Dorothy Dalton, will be shown at the Princess Theatre today and Saturday. Her leading man is Fredrik Vogeding, a player of considerable note. The support generally is excellent.

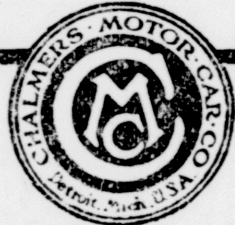

Carmel Myers at Mystic

Carmel Myers will be the stellar attraction at the Mystic Theatre today in "The Dangerous Moment", a Universal screen play made under the direction of Marcel de Sano. Fast action, love interest and spontaneous humor are blended into the theme so cleverly that "The Dangerous Moment" will probably be pronounced by playgoers to be Miss Myers' most enterprising picture.

Douglas Doty, former editor of the Cosmopolitan Magazine wrote the original story from personal knowledge of Greenwich Village and Wallace Clifton wrote the screen adaptation. Marcel de Sano, the brilliant young Frenchman who directed the production, is an artist who lived in the famous Bohemian quarter of New York before he became a motion picture director.

The story opens with the star as

Chalmers Now Reduced to \$1295

Nothing in the field—either six or four—can compare with Chalmers value at its newly reduced prices.

The quality which gives it downright superiorities in performance, in economy, in riding and driving, clearly entitles it to be classed with cars which cost a great deal more.

Get the truth about the Chalmers—about its low costs, its durability, its soundness as an investment.

Ride in it, drive it, and see how splendidly it performs.

Second Annual

PUBLIC SALE

of

BIG TYPE POLAND CHINAS

to be held at Smalley's Sale Stable in Rushville, Ind.

THURSDAY, NOVEMBER 10th, 1921

TO MY FARMER FRIENDS AND FELLOW BREEDERS:—

I am using this plan as the best way I know of to reach one and all of you with a special invitation to be present and see if I can't do you a world of good in giving you an opportunity to purchase real brood sows for the coming spring use. This consignment consists of

25 HEAD OF FALL YEARLING GILTS,
25 HEAD OF SPRING GILTS
AND 2 YEARLING BOARS

am selling these boars as an attraction to this sale and believe whoever may secure them will sure have real boars. I have endeavored to have these sows in the very best shape to breed that it is possible to get them in, not fat, but just nicely flushed which puts them in the best condition for large litters. We pride ourselves on having a very prolific herd, our sows averaging close to 10 pigs to the litter.

We also feel a little good over the honor given us at the last State Fair of having the Largest Herd Boar in Indiana. Of course you know that was Frazier's Giant 128545. Old breeders at the State Fair said he could easily be made to weigh 1500 pounds. The gilts selling in this sale are mostly sired by him and out of dams as good and as well bred as any could have.

Believing in the hog business as a good thing, any time, and knowing it to be by far the very best money making proposition the farmers have at the present time, I think I am doing you one of the greatest favors in giving you a chance to purchase this kind of stock, but we are happy in being able to furnish this means to our old Rush county friends to get \$1.00 per bushel for those thousands of bushels of good yellow corn instead of having to haul it to the elevator at 30 cents. Boys, let's not haul any corn, let's have a dollar a bushel for it and all be happy and let the goose hang high. I am optimistic—we are right in the good times from now on.

THIS SALE WILL BE CALLED PROMPTLY AT 12:30 O'CLOCK.

We are very respectfully yours,

JOHN C. FRAZIER & SON

a waitress in The Black Beetle, a tawdry little cafe frequented by the motley array of denizens of the quarter. In repelling the attentions of the son of the owner of the place she strike him with a chair. He falls dead. Thinking that she has killed him she seeks refuge in the studio of an artist while the police battle r down the doors and throw out a dragnet over all New York for her capture. As the story unfolds, the girl is shown to love the artist who has sheltered her and interesting heart complications arise to strew their path with difficulties.

Miss Myers' personal popularity is augmented by her supporting cast an unusually good ensemble, including Herbert Heyes, Lule Warrenton, George Rigas, W. T. Fellows, Billy Fay, Bennie Hill, Fred G. Becker, Marion Skinner and "Smoke" Turner.

An unusual story, a gifted star, clever direction and picturesque settings should make "The Dangerous Moment" one of the most appealing pictures of the year.

FARMERS ELECT OFFICERS

Washington Township Association
Holds Annual Meeting at Raleigh

At a very enthusiastic meeting held at Raleigh Tuesday evening, the Washington Township Farmers association elected officers for the ensuing year and made preparations for an active year. A program committee was also appointed which will provide ample entertainment for each meeting throughout the year.

Carl Ging was elected president; Frank Martin, vice-president; Luther Nixon, secretary and treasurer, and Linea Hays, county director. The township directors chosen included Luther Martin, Robert Sharp, Fred Lightfoot, Will Whitton and Edward Jackson.

Red Cross Gives \$310,000 to Aid 'Clean-Up' Drive

An appropriation of \$310,000 for Red Cross work in connection with the "clean-up" campaign instituted by the Government to bring the claims of all disabled service men who are entitled to Federal aid before the proper government bureau for action, has been made by the American Red Cross. The Executive Committee of the American Red Cross in making the appropriation authorized the appropriation of \$35,000 of this sum to the American Legion to defray the expense of the Legion representatives assigned to the various districts of the Veterans Bureau.

The remainder of the appropriation was authorized for apportionment among the several Divisions of the Red Cross for carrying on that part of the "clean-up" work that falls directly upon the Red Cross organization.

Pimples Denote Waste Products In The Blood

So Do Blackheads, Boils and Similar Skin Disorders.

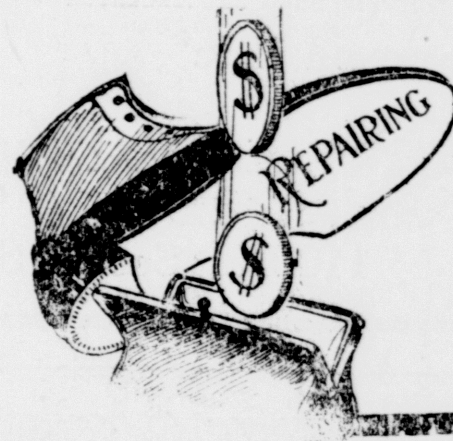

The human system is forever striving to get rid of the waste products. It is a life-work which goes on forever. When waste products get in the blood, they cause a lowered vitality. As a result, we become subject to many painful and embarrassing ailments.

When these symptoms appear, Nature is warning us. To throw off the waste products, the blood must be purified. Don't clog your blood. Just clean it out. Nature will do the rest. Pure, rich, red blood nourishes the body and fights off disease.

S. S. S., the standard blood purifier and system builder, is the ideal remedy for skin eruptions. The effect of S. S. S. is to rid the system of the waste products which are causing the trouble. For over 50 years S. S. S. has proven to be of unusual merit. Begin taking S. S. S. today and write for 56 page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address Chief Medical Director, Swift Specific Co., 741 S. S. S. Laboratory, Atlanta, Ga. All good drug stores sell S. S. S.

COMMISSIONERS SALE

of

DWELLING HOUSE

The undersigned Commissioner for the sale of the real estate owned by the late Joseph Harton, deceased, will offer for sale, at private sale, the late residence of said decedent, No. 220 West Third street, in Rushville, Indiana, at the law office of S. L. Innis in the Peoples National Bank Building, Rushville, Indiana, on

SATURDAY, NOVEMBER 12th, 1921

TERMS OF SALE—One-half cash, and one-half in one year from date of sale, with privilege to pay all cash. Deferred payment, if any, to bear 6 per cent interest, and to be secured by mortgage. This is a good 10 room house, in a desirable and convenient downtown location, and would be suitable to a farmer desiring a city home. If not sold on the above date, the offer to sell will be continued from day to day, at the same place, until a sale is made.

WILLIAM E. HARTON, Commissioner

The Doctor's Wife

By Mary Graham Bonner

(© 1920, Western Newspaper Union.)

HE HAD married her in the first place of all because of her lovely, low voice. There had been other reasons too — her good looks, her smile, her common sense, but mainly and chiefly the attraction which had drawn him to her had been her voice.

It had seemed during those first years of his practicing and trying to make headway in a seemingly unresponsive city, that voices would drive him mad, wailing, complaining, whimpering always discontented.

Even when he met women socially he felt they refrained from telling him anything but a sorrowful tale of themselves.

As for his wife — she understood. She smiled at the poor excuses they made to come and see him, of the jealousy they showed of each other, of the gifts they sent him, of senseless reasons they had for telephoning.

Sometimes they would both be invited out to dinner at some patient's house. The doctor's wife chuckled as she thought of how little she was wanted.

Usually they looked at her, she knew, rather pityingly, and at times, the bolder of the sympathizers would say to her: "It must be awful to be a doctor's wife. I'd never have a moment's peace if I were you with so many women caring for my husband!"

"We get used to it," the doctor's wife said so as not to be disappointing, smiling to herself. What fun it was to be a doctor's wife. How much pity one got one didn't deserve, how much wasted sympathy, how many deliciously jealous thoughts one inspired.

It was Christmas Eve. The doctor had promised his wife that he would help her in those many pleasant engrossing night-before-Christmas tasks. She went upstairs to see that the children were quite asleep when she heard the telephone ring. She answered it, and then heard her husband's voice who was already answering it from below.

Something, some curious something, made her listen. "Oh doctor," she heard a voice say, the voice of the one woman who had lately caused her her first pang of jealousy, "I can't wait another moment. I must see you. I'm sorry, on Christmas Eve too, but I must! Please, doctor, can you come at once?"

"That's all right, little lady," she heard her husband answer, "I'll be up at once."

"I'm going out for awhile," the doctor called up the stairs. And was gone without a word of regret and with no effort at an excuse.

Late that evening she went out of the house. She would see this other woman. She called a taxi and hurried off. "I'm sorry," the maid told her, "but Madame can see no one. And the door was shut abruptly."

What would she do? What could she do? Finally, exhausted after waiting along the streets, she went home, her heart full of dry, choking sobs.

At last she heard the doctor's key. He came in. He looked tired. But she was worn out.

"You've been to —" she began.

"Yes," he answered wearily, as he lighted a cigarette, "I have been there all this time. But she has the finest boy you could hope to see; they're simply delighted."

"Boy?" she shrieked.

"Yes," the doctor nodded. He was too tired to notice her quick change of expression.

"Oh," he said after a moment. "I'm so glad you didn't finish the Christmas things without me. No matter how late it is, we must always get ready for Christmas together, mustn't we?" He kissed her lightly.

"After I had left the house," he added, "I remembered I hadn't asked you to wait, and I wanted you to wait no matter how long I'd be! Selfish of me, perhaps, but we must have our Christmas Eve together and get ready for the children's Christmas together, mustn't we, wife of my heart?"

"We most assuredly must," she answered him, and added to herself: "What fools these women are! Who pity the doctor's wife. I'm the happiest woman in the whole world."

And the doctor was saying: "My dear, do you know that it is Christmas morning and that I'm wishing you a Merry Christmas!"

"Merry Christmas," she returned, and in her heart rang the merriest and happiest of Christmas bells!

The pupils of the Manila school will give a penny supper in the school building Saturday evening, the proceeds to be used by the school.

Dyed Her Silk Stockings to Match Skirt

Each package of "Diamond Dyes" contains directions so simple any woman can dye or tint her worn, shabby dresses, skirts, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything, even if she has never dyed before. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is sure because Diamond Dyes are guaranteed not to spot, fade, streak, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.

Genuine Aspirin

Never say "Aspirin" without saying "Bayer"

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. All druggists sell Bayer Tablets of Aspirin in handy tin boxes of 12, and in bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacid-ester of Salicylicacid.

Dependable Merchandise Consistent Prices

For 16 years we have practiced this theory on the people of Rushville and Rush County. The fact that our business has grown to be one of the largest in Southeastern Indiana and is still growing is proof that our methods are correct.

We try to give a general idea of the prices prevailing in our store by the few prices quoted in our ads. These are not specials but the regular prices on these goods at all times to everybody, and are representative of our entire stock.

HOT LUNCHES NOW IN MANY SCHOOLS

Two Thirds of The Schools in the State Provide Pupils With Hot Meals Daily

ORGANIZATIONS SPONSORS

Parents as Well as Economic Clubs Lend Assistance in Most of The School Units

Lafayette, Ind., Nov. 4—Hot school lunches are being served in one or more schools in two thirds of the Indiana counties, according to an estimate made today by Miss Lella Gaddis, who has charge of Home Economics Extension work for Purdue University. In counties having home demonstration agents and others with home economics clubs the project of serving hot lunches to boys and girls in the country or city is being taken up in an organized way.

"The hot lunch" is one of the surest ways of improving the health of Indiana school boys and girls," said Miss Gaddis. "The effect is noticeable not only by the gains in weight but in the better grades and general health condition of the children."

Six schools in Vanderburg County where the hot lunch was taken up by the Parent Teachers' Association last year reported excellent results to Miss Edna Fay Whiting, home demonstration agent. Miss Whiting's report shows that the hot lunch is a factor in improving attendance at the school as well as the general health of the child. One teacher also stated that discipline was easier and that the manners of the children had improved.

In some of the Vanderburg schools mothers of the children took turn about in preparing the lunches and in others where the schools did not have the facilities for cooking the cream soup, milk chocolate or whatever was used to supplement the cold lunch carried by the pupils, was prepared in a nearby home and carried to the school. Through these methods no hardship was worked on any of the women.

Co-operation of parents, school authorities and children is necessary in arranging for school lunches. In some schools the cooking laboratory can be scheduled so that the food

SAYS WOUND WAS SELF-INFLICTED

Dr. W. E. Barnum, Coroner, Reports
on Death of Edgar Ross Who Was
Found Dead Near Manilla

SUICIDAL INTENT, HE SAYS

Authorities Who Investigated Scout
Foul Play—Sheriff and Prosec-
utor in Further Inquiry

Dr. W. E. Barnum of Manilla, county coroner, today reported that his finding in the case of Edgar Ross, a young farmer whose body was found, with a shotgun wound in the breast, at his home near Manilla Wednesday afternoon, would be that Ross committed suicide.

Dr. Barnum gave no evidence to support this verdict, which has not yet been filed in the clerk's office here, but he made this statement to the Daily Republican this afternoon.

"Edgar A. Ross died from a gunshot wound in the heart, self-inflicted with suicidal intent."

Deputy Sheriff Hugh Jones, who went to the scene of the tragedy Thursday afternoon, said today that he and the coroner were both convinced that foul play did not enter into the farmer's death.

Indications, however, that the authorities are not entirely convinced that Ross was not murdered was found in the fact that Sheriff E. M. Jones and Prosecutor Albert Stevens went to the Ross home this afternoon to make a further investigation.

The report of the coroner was a surprise because he intimated to the deputy sheriff Thursday afternoon his finding would be accidental death.

A close observation of the case was made yesterday afternoon, and some of the mysterious things are believed to have been cleared away.

The single barreled shotgun, which killed the man, had a regular place in the household in the corner of the same room in which he was found, and it had always been left standing in the corner near a chimney.

It is the belief of some officers that Ross reached for his gun, and when he pulled it out from behind the chimney, the gun fell over the corner of the protruding wall, causing it to be discharged, and breaking the barrel. The power of the explosion is believed to have thrown the gunstock several feet away, and the victim probably staggered to the center of the room before falling.

When staggering, he is believed to have knocked over a chair, and missed up the rug, which gave evi-

DEMANDS SHOWDOWN ON WATSON CHARGES

Senator Edge Insists Georgia Sena-
tor Give Evidence to Substantiate
Them

HE BLOWS UP PHOTO STORY

Washington, Nov. 4.—A sweeping investigation of the sensational charges made by Senator Tom Watson of Georgia, that American soldiers were hanged like dogs without trial in France, was retarded by the senate today without a dissenting vote.

A showdown on what Watson based his charges was demanded by Senator Edge of New Jersey, when the senate convened. Edge demanded that Watson give to the American people evidence to substantiate his charges.

A photograph published in a New Jersey newspaper which Watson yesterday asked to be reprinted in the congressional record, Edge declared, was one of American soldiers who had been hanged after they had been tried by court martial and found guilty of murder.

Edge declared that the case should not be camouflaged. He reiterated that Watson owed it to himself and country to substantiate his charges.

GENERAL EXODUS TO INDIANAPOLIS TODAY

Scores of Local People Take Ad-
vantage of Reduced Rates and
Attend Foch Celebration

EX-SERVICE MEN IN PARADE

The celebration in Indianapolis today in honor of Marshal Foch of France, the generalissimo who led the allied armies to victory in the World War, was the occasion for a general exodus of Rushville people today.

Scores of Rush county as well as Rushville people took advantage of the special rates offered on both the Indianapolis & Cincinnati traction line and the C. I. & W. railroad. Traffic from here to Indianapolis has been lighter than usual this week, up until today, many people waiting until today to ride for reduced fares.

At least a dozen Rush county ex-service men responded to the appeal from the Foch day committees to wear their uniforms and march in the parade. Former soldiers from all parts of the state were expected to be in the line of march. The day was expected by many ex-service men to be the occasion for a reunion.

CLASS OF 133 IS TO BE CONFIRMED

The Rt. Rev. Bishop Joseph Char-
trand of Indianapolis to Perform
Ceremony at St. Mary's Church

AT 7:30 O'CLOCK TONIGHT

Bishop will be Assisted by the Rev.
Thomas McLaughlin of Liberty and
Rev. Geo. Borries of Shelbyville

The Rt. Rev. Joseph Chartrand, Bishop of Indianapolis, will confer the Sacrament of Confirmation on 133 children and adults tonight at St. Mary's Catholic church.

This Sacrament, one of the seven instituted by Jesus Christ, dates back to the time of the Apostles. "It creates within us the spirit of meekness, increases our charity towards God and our neighbor, enlightens our understanding and strengthens our will," according to an announcement regarding the ceremony.

The Rt. Rev. Bishop will be assisted by the Rev. Thomas McLaughlin of Liberty, as deacon and the Rev. George Borries of Shelbyville as subdeacon.

The Rt. Rev. Monsignor Theodore Mesker of Connersville, assisted by the Rev. Otto Bosler and the Rev. Philip Schneider will give the benediction. Others assisting will be:

The Rev. Herman Gadlage, master of ceremonies; cross-bearer, Harry Jones; mitre-bearer and candle bearers, Francis Comella, Richard O'Neil, John Mullins and Sylvester Harris.

The procession, by the children, Knights of Columbus servers, clergy and the Rt. Rev. Bishop, will leave the rectory promptly at 7:30 p. m.

The public is kindly invited to attend.

SILAS MAUZY SUCCEUMBS

Farmer Widely Related Here Dies
West of Markleville Today

Silas Mauzy, aged 75 years, died this morning at his home one mile west of Markleville following an illness of over a year. The deceased had several cousins living in this city and himself was well known here, having visited here on a number of occasions.

A widow and two daughter survive. The funeral services will be conducted Sunday afternoon at two o'clock at the late residence.

WAR IMPLEMENTS STOLEN

Indianapolis, Nov. 4.—Adjutant General Harry B. Smith lost two implements of war—binoculars and a revolver—when burglars raided his daughter's home here some time during last night.

SUCCESS OF ARMS CONFERENCE SEEN

Outstanding Development of Day
Indicate Complete Confidence of
Powers in Parley

HARDING FRENCH INTERVIEW

British House of Commons Unani-
mously Adopts Resolution
Approving The Conference

(By United Press)

With the arms conference only a week away, President Harding has expressed complete confidence in its success.

This was revealed today in Paris advices to the United Press quoting an interview with Harding in Washington by Stephen Lausanne, French editor.

Other outstanding developments in connection with the conference today were:

Government spokesman in the British parliament declared their delegates will attempt to have the conference insure world peace.

France and Great Britain were confronted with abandonment of the last hope of an Anglo-Franco-American alliance as the result of warnings, respectively by Paris correspondents in Washington and Ambassador Harvey in Liverpool.

Prince Tokuwaga Japanese delegate, told the United Press that the Anglo Japanese treaty should be replaced by an agreement including Great Britain, Japan and the United States.

Senator Borah, in an interview with the United Press said he feared the conference might lead to understandings which would compel increased armaments.

In a London interview Dr. Giannini, commercial adviser to the Italian delegation declared world economic problems also were expected to be settled at the arms conference.

A program outlining the extent to which limitation of armament is practically for the U. S. was being prepared by the American delegates.

London, Nov. 4.—The British House of Commons unanimously approved the Washington arms conference this afternoon.

FOURTH ASSESSOR IN 3 YEARS APPOINTED

Alva Hurst is Named For Walker
Township, Will Gardner Who
Was Elected Never Qualifying

THE OTHER TWO RESIGNED

Alva Hurst has been appointed assessor for Walker township by Earl Priest, county assessor, to succeed Charles J. Ellison, resigned, who has gone to Arizona on account of his health, it was announced today.

The assessor's office in Walker township has had a rather tempestuous career during the last three years. Will Gardner, a democrat, was elected in 1918 and never qualified. When he failed to take office Theodore Brown, a republican, was appointed by Will McMillin, who was then county auditor. Mr. Brown qualified and then resigned just before the assessing season when it came time for him to perform the duties of the office. Mr. Ellison was appointed to fill the vacancy by Mr. McMillin and served until he was compelled to quit by failing health making it necessary for him to move to another climate.

The last legislature changed the law governing the filling of vacancies in the township assessors' office and now provides that the appointment shall be made by the county assessor. Mr. Hurst was appointed on the recommendation of Mr. Ellison. His application for the place was the only one received.

Mr. Hurst is the fifth assessor to be appointed by Mr. Priest to fill vacancies in office. New assessors were named for Ripley, Anderson and Orange townships on account of resignations and one was named in Center township due to the death of the incumbent.

BRINGS INDIANA TO "ATTEN-SHUN"

Marshal Foch Receives Snappy Sal-
ute From State Which Treats
Him Like a Hero

HOOSIER "BUDDIES" THERE

Honored Guest Dedicates State,
County and City War Memorial
Site This Afternoon

(By United Press)

Indianapolis, Ind., Nov. 4.— Marshal Ferdinand L. Foch brought Indiana to "atten-shun" today.

The state snapped to salute as the master strategist of the World War visited Indianapolis.

His Hoosier "buddies" came from all parts of the state to greet him. They paraded miles and miles through the streets in his honor and speakers of distinction paid him tribute.

This afternoon he dedicated the state, county and city war memorial site, laying a Marne river bridge stone as the cornerstone.

The city and state greeted him and treated him like a hero.

There was a crowd of dignitaries at the station to meet the military leaders.

They included Governor McCray, Ex-Governor Samuel Ralston, Major General Read, commander of the fifth army corps area, and Major Jewett of Indianapolis.

A salute of 19 guns was fired as the train steamed into the station. One of the many bands struck up "La Marseillaise" and the final notes mingled with the start of the "Star Spangled Banner".

Long lines of former doughboys, in hatted and uniformed greeted their former commanders. Legionnaires came from every part of the state for the occasion and formed a long parade, stepping proudly as they did on the cantonment parade grounds. There were many troops from Ft. Benjamin Harrison, national guardsmen and the famous Black Horse Troop of Culver Military Academy headed the procession.

While thousands of persons looked on Marshal Foch laid a wreath on the Indiana Soldier's and Sailor's monument. He was given a souvenir—a miniature silver crest bearing a replica of the monument.

Foch then dedicated the ground on which Legion headquarters will be erected. Tonight there will be a dinner at a local hotel and then a mass meeting to pay tribute to the famed soldier.

BOOTLEGGER KILLED BY PUTNAM SHERIFF

Unidentified Man Shot and Instant-
ly Killed Twelve Miles North of
Greencastle Today

DRIVING TRUCK OF BOOZE

Greencastle, Ind., Nov. 4.—An unidentified man driving a motor truck loaded with bootlegger's liquor was shot and killed by the sheriff of Putnam county, twelve miles north of here today.

The truck bore an identification card showing Thomas George of Indianapolis to be the owner. The bootlegger since Friday had been making trips daily between Indianapolis and Clinton.

This morning Sheriff Ham became suspicious and blocked the road. The driver ran past the blockade, stopped his car, climbed out and started toward the sheriff shooting, firing six shots, but all missed.

He then started to jump the roadside fence and when he saw the sheriff, turned on him, but the sheriff fired first, killing the man instantly.

SOUGHT AS KIDNAPPER

Chicago, Nov. 4.—Chicago authorities today received a request from Omaha officials to take Harry M. Phillip, self styled spender, into custody on a charge of kidnapping. Phillip arrived here with Rolla Mock, an Omaha newsboy.

PATERNITY CASE IS COMPROMISED

Jury Not Needed in Circuit Court
Today When Suit is Settled Be-
fore Trial Opens

NO ARRESTS ON INDICTMENTS

The suit of the State, ex rel Dorothy Moore against Glen Edwards, a civil suit, in which the defendant was charged with paternity proceedings, was compromised this morning in the circuit court, and the jury which had been summoned to try the case, was not needed.

The compromise which was agreeable to all parties assessed judgment in the sum of \$350 which is to be paid to the plaintiff in three installments, which will come at periods most needed in the life of the child.

On account of the case being set for today, there was no other business before the court. Bench warrants for the 33 grand jury indictments have not been ordered yet and as soon as the warrants are made out, Sheriff Jones will begin to serve them on the people who were indicted by the grand jury this week.

STRIKE CALLED IN DISTRICT 5

Pennsylvania Miners Ordered to
Leave Posts in Protest Against
Check-Off Plan Injunction

45,000 MEN ARE AFFECTED

Attorneys For United Mine Workers
File Appeal in Chicago—
Watchful Waiting in Indiana

Pittsburg, Pa., Nov. 4.—A strike called in protest against the discontinuance of the check off system of collecting union dues was issued here today by Robert R. Gibbons, president of the District No. 5, United Mine Workers of America.

Forty-five thousand soft coal miners in Western Pennsylvania were effected by the notice which goes into effect at night Monday.

Gibbons announced the strike order would not apply to coal operators who agreed to comply with the "existing contracts." The strike call, issued after a conference with the executive board of District 5, was contained in a letter.

Chicago, Ill., Nov. 4.—Attorneys for the United Mine Workers of America today appeared in the United States district court of appeals to file an appeal from the check-off injunction ordered by Federal Judge A. B. Anderson in Indianapolis.

Hearing on the request for an appeal is expected late today.

Henry Warrum, chief attorney for the union, will make the argument. The miners are asking that action of Judge Anderson's injunction be stayed pending final hearing.

The hearing will be before Federal Judges Baker, Evans and Alschuler. Approximately 35,000 miners quit their jobs in Ohio, Indiana and Illinois when Judge Anderson issued an injunction restraining operators from deducting union dues from the miner's pay.

Indianapolis, Ind., Nov. 4.—Officers of the United Mine Workers adopted a policy of watchful waiting today in connection with their threatened bituminous coal strike.

Their next move depends upon what action the mine owners will take regarding the federal injunction temporarily abolishing the check-off system of collecting union dues.

The Indiana and Pennsylvania operators are thought to have paved the way for those in other states by declaring they will abide by the injunction. This just means a continuation of the strike of nearly 30,000 miners in Indiana. They walked out in protest against the injunction. They will stay out in view of the operators' announced policy.

Whether other states follow the course of Indiana operators remains to be seen. Pending decision Continued on Page Five

PARCEL POST IN A LARGE DECLINE

Mail of This Class Delivered by Ru-
ral Mail Carriers Less First
15 Days in October

WHAT LOSS INDICATES

Rushville Rural Mail Carriers Are
Keeping Count of Total Mail
Handled Entire Month

Parcel post business which is being handled in the local postoffice, shows a loss at this period over the same period last year, according to records of the parcels and mail matter received and dispatched from the Rushville office.

The postoffice kept a count in October of the total number of pieces of mail matter handled by the ten rural route carriers, and also of the number of parcel post packages handled through the office, both for city and rural deliveries, as well as the total number of parcels collected or dispatched.

The count for the parcels was kept during the first fifteen days of October, and the figures are now compiled ready to be reported to Washington. The count, which shows a big loss over the same period for last year, also indicates that farmers are not buying, especially from mail order houses, as they did last year.

Last year, during the count, the ten rural route carriers distributed 1,167 packages during the fifteen day period, and this year at the same time, the number of parcels delivered were only 611, or almost one-half of the number of last year's count.

Postoffice authorities attribute the decline to the shortage of money and revenue from the farm, and the slowing up of buying from mail order houses.

The parcel post business in Rushville itself, showed a slight loss this year for the count, but the loss was not as great in proportion.

The office here received a total of 4,347 packages during the fifteen day count, and these were distributed on the ten rural routes, through postoffice boxes, general delivery and by Griffin Treadway, postman in Rushville.

The later handled 1686 packages in Rushville during the fifteen day count. The postoffice sent out from here 1,277 packages during the count, with a total weight of 2½ tons.

The rural route carriers also kept a report on the total number of pieces of mail handled during the entire month, and for October there were 82,951 pieces of mail, including all classes, delivered and received by the ten rural route carriers.

The number was divided into two classes, with 74,707 pieces being de-

FIRST NUMBER OF LYCEUM COURSE GIVEN

Chicago Concert Singers Entertain
Fair Sized Audience With Varied
Program

NEXT NUMBER DECEMBER 14

The Chicago Concert Singers appeared in an entertainment last evening at the Graham Annex auditorium as the first number of the lyceum course to be given this winter under the auspices of the Ladies of the G. A. R.

Each member of the company had excellent musical and dramatic ability and the musical sketch "From Gypsyland" was regarded as one of the best concert plays ever seen in this city. It presented in song a story from one of the well known operas. The musical numbers were excellently rendered and included a great variety from sacred and classic to the lighter melodies and the humorous and popular.

Although only a fairly good crowd was present, the ladies have sold a number of tickets for the course. The next number will be given in the auditorium December 14.

GETS RESULTS BY FEEDING METHODS

H. M. Nash of Union Township
Completes Demonstration With
Hogging Down 15 Acres Corn

GIVES FIGURE FOR MONTH

Figured on Acre Basis Pork Pro-
duced Just About Double
Market Price of Corn

H. M. Nash of Union Township
has just completed a demonstration
in connection with the hogging-down
of 15 acres of soy beans and corn,
the results of which shows this meth-
od of feeding to be a means of not
only lowering the cost of production
on pork but also a saving of labor.

The 113 hogs which were fed
weighed 13,673 lbs. on October 1st
and on November 1st, they weighed
21,120 lbs., making a total gain of
7,447 lbs., or an average daily gain
per head of 2.1 lbs.

The yield of the corn hogged
down was estimated at 50 bushels
per acre, and on this basis, each
acre produced 496 lbs. of pork val-
ued at present market price a \$39.68.
Or figured another way each bushel
of corn produced 10 lbs. of pork
worth 80 cents.

Figured on the acre basis, the
pork produced just about doubled
the market price of corn, if the
crop had been sold on the open mar-
ket. It should also be noted that
the hogs did their own husking while
increasing the returns on the crop.

While this demonstration points
out the fact that, through this meth-
od of feeding cost of production may
be decreased, and a better return
realized on the corn crop, the fig-
ures do not show that the farmer is
getting rich by any means, as any
farmer can see. For the farmer no-
tices that the above figures include
only feed costs, which is only one
item of cost, and does not include
such items as overhead, risk, etc.

The main point in this connection
is the fact that the pork produced
per acre is worth on the market
\$39.68, while the market value of the
corn is only about \$15.00, much be-
low the cost of production. Instead
of the farmer paying at least three
cents per bushel for husking the
corn, these hogs paid \$18.42 per
acre for the privilege of husking the
corn, thereby bringing the returns
from the crop nearer the cost of
production.

TO SHOW THE VALUE OF MULTIPLE HITCH

Arrangements Made For a Demon-
stration to be Held Saturday by
Harold Beall of Clarkshurg

MUCH MORE POWER OBTAINED

Liberty, Ind., Nov. 4.—Arrange-
ments have been made for a mul-
tiple hitch plowing demonstration to
be held near here Saturday by Har-
old L. Beall of Rush county, with
County Agent Foster Campbell in
charge. The demonstration will be
staged for the purpose of showing
to local farmers the value of the mul-
tiple hitch, which provides for plac-
ing one team in front of another,
even up to eight horses. By this
method, much more power is ob-
tained than by hitching four abreast
as the side draft of a plow is elim-
inated and all the energy a horse
expends goes to turning the soil
over.

"The problem of many farms is
not to get more power but increase
the efficiency of the power we al-
ready have," said Mr. Campbell.
"The hitching demonstration" which
has been arranged, shows one way
of doing this."

Farmers from Union and sur-
rounding counties, including some
from Ohio, are expected to attend.
Beall will use some of the animals
from their Peicheron farm at Clark-
shurg.

CLOVER SEED

I am taking orders for Little Red
Clover seed at \$12.50 per bushel.
Mammoth at \$12.80. Freight added.
You can leave orders and checks with
Wilbur Steers, Rushville National
bank if you don't see me.

RUSHVILLE MEETING SET

Farmers Will Elect Officers at Court
House Wednesday Evening

The annual meeting of the Rush-
ville Township Farmers association,
for the purpose of electing officers,
will be held at the court house as-
sembly room next Wednesday even-
ing at 7.30 o'clock, it was an-
nounced today. On account of the
importance of the session, a large
attendance of members is urged.

Annual meetings are being held
by all of the township associations
in preparation for the forthcoming
year, and new officers are being
elected in each township.

ARMENIA IS IN DESPERATE NEED

The "Why" of the Present Grain Ap-
peal in Grain States is Supplied
by Prof. Albert Johnson

MADE A SPECIAL STUDY

Nothing Short of Large Gifts of
Grain From America Can Prevent
Enormous Loss of Life

"The 'why' of the present grain
appeal in Indiana and other grain
states is supplied by Prof. Albert A.
Johnson, director of the Institution
of Applied Agriculture of Long Is-
land, N. Y.," says Russell G. East
state director of the appeal being
made to farmers for corn for starv-
ing children of Southern Russia
and the Near East.

Prof. Johnson went as a commis-
sioner to the Near East to see for
himself what the conditions are.
He made a special study of food-
needs. The following cablegram sent
to Near East Relief by him from
Tiflis, once the "Paris of the Near
East," tells what he saw of the
world's greatest distress:

"The situation in Armenia and
Transcaucasia desperate. Though the
people are bravely endeavoring to
produce the necessary food, this
year's harvest was pitifully in-
adequate to supply their needs. All ag-
ricultural operations were demoral-
ized by recent warfare. Nothing
short of large gifts of grain from
America can prevent enormous loss
of life. One sees heartrending
scenes on the streets of every city
as the dead wagon collects its daily
toll. Near East Relief orphanages
and other institutions are taxed be-
yond their capacity while thou-
sands of destitute orphans clamor
for admittance. Children are dying
for lack of food daily. Winter will
mean certain death to thousands
unless outside aid is extended. Will
not American farmers make generous
contributions of grain? The Near
East Relief is equipped and ready
to extend its life saving work but
the need for additional food supply
is unlimited."

An agricultural committee of the
relief organization is asking In-
diana farmers for 200 car loads of
grain, and Rush county's quota is
three and one-half cars.

SHOW PLANS ARE ABOUT COMPLETED

Rush County Products Show Com-
mittee is Busy on Smaller
Details For the Big Event

TO BE HELD WEEK OF DEC. 5

Garage Building in South Morgan is
Rented and Competent Judges
Are Being Selected

With the general plan already
worked out there remains only the
arrangements of details to complete
the plans for the Rush County Pro-
ducts Show, which will be held in
Rushville, December 5, 6, 7 and 8.
The Kirkpatrick garage in South
Morgan street has been secured by
the committee for the show and the
committee is now busy engaging
competent judges and working up
the week's program.

The products show is the out-
growth of the corn show which has
been held in the county in previous
years. On account of the fact that
Rush county is the leading hog
county in the United States and be-
cause of the wide interest among
Rush county folks in the poultry in-
dustry, it has been decided that hogs
and poultry exhibits should be ad-
ded to the annual exhibit.

The attractive premium list of
something like \$1000.00 is certain to
attract a large entry list in each
department, and the special features
of the program this year will mean
added inducements to attract vis-
itors. Wednesday has been designat-
ed as "Home Coming Day," and
a great attendance is expected on
that day especially.

As a special attraction for Wed-
nesday, a great farmer's meeting is
being planned for the evening with
one of the best speakers obtainable
secured to deliver the principal ad-
dress. This meeting, which will be
held in the Graham School Annex
Auditorium will likely be attended
by a great percent of the farmers of
the county. On the night of the clos-
ing day, a big "Get-together banquet"
is planned.

Of course there will be special
features to prove of interest
throughout the show, but the com-
mittee in charge of the program ar-
rangements is keeping their plans
somewhat in the dark with the idea,
it is announced of springing some
big surprises.

The premium lists will be printed
in the next few days and any farmer
in the county who failed to get one
in the mail should apply to the se-
cretary for a copy. All correspond-
ence should be addressed to the se-
cretary, care of county agent's office.

New York Stocks

New York, Nov. 4.—Confronted by a
highly constructive bank statement
which showed combined ratio of the
federal reserve system at the high-
est point since October 1917, the
New York stock market was buoy-
ant at the opening here today.

The publication of the Pan Amer-
ican earnings statement was also a
bullish factor as the company was
shown in six months to have exceed-
ed its dividend requirements for the
full year. Mexican Petroleum sold
at 107 1/2, a new high on the recovery
from the peak earlier in the week.
Asphalt started at 64, up 1/4; Pan
American 47, up 1/4; Baldwin 91 3/8,
up 1/4. Rails also felt the impulse to-
wards higher levels. Northern Paci-
fic gains 3/4 to 75 1/2 and Peima 1/2 to
35 1/2.

The whole market turned strong
before the end of the first hour.
Steel common got up to its last
weeks figure 8 1/2 while a number of
issues went through old highs.

There was no let up in the de-
mand for bonds and practically the
entire bond list worked into a new
high ground.

Mexican Petroleum, reaching 108
reacted about a point.

The opening prices on the ex-
change include:

Retail Stores 50 1/2 unchanged;
Pan American Petroleum 47 up 1/4;
Tobacco Products 60 1/2 unchanged;
New York Central 72 3/8 up 1/4; Mex-
ican Petroleum 107 1/2 off 1/4; Northern
Pacific 75 1/2 up 1/4; Texas Co. 43 1/2
up 1/4; Baldwin 91 3/8 up 1/4; Sinclair
23 1/2 unchanged; U. S. Steel 8 1/2 up
1/4; United States Rubber 47 1/2 off
1/4; American T. & T. 108 3/4 un-
changed; Asphalt 64 up 1/4; Union
Oil 20 1/2 off 3/8; Erie 12 1/2 up 1/4;
Anaconda 42 1/2 up 1/4; Crucible up 1/4;
American Can 38 3/8 up 1/4; Royal
Dutch 49 up 1/4 Atlantic Gulf 30 up
1/4; Delaware Lackawanna and
Western 107, unchanged.

FIRE THREATENS TOWN

Lockhart, Tex., Nov. 4.—Fire or-
iginating in the postoffice of Dale,
Texas, near here and spreading to
other buildings is threatening the en-
tire town, according to word re-
ceived here this morning.

STATE CONVENTION OF FARMERS NOV. 15-16

Certificates of Identification to be
Used by Members to Get Reduced
Rates May be Obtained

RATES GOOD FOR FOUR DAYS

Many Rush County farmers will
likely take advantage of the special
rates on all roads which are avail-
able to members of the farmers' or-
ganization and will attend the state
convention which will be held in
Indianapolis November 15 and 16.

Certificates of identification for
the use of members wishing to pur-
chase reduced fare tickets for the
conventions may be secured at the
office of the association in the
court house. Those who go on the I.
and C. may obtain reduced fare
without certificates, providing they
go off the cars leaving Rushville at
6.08, 8.02 and 9.38 in the morning.
Rates are good for four days, No-
vember 14-17 inclusive.

In discussing the state convention
today, one of the officers of the Rush
County Farmers' Association stated
that "Every farmer who can possi-
bly get away should make an effort
to attend the state convention this
year. Some big things have been done
during the past year by the organi-
zation, and other important pro-
jects are being worked out. Farmers
will be interested in learning of
these activities direct from the men
in the work. A trip to the state con-
vention will do more to impress up-
on a farmer the strength of his or-
ganization than any other thing."

DAIRYMEN OF STATE TO MEET

Announcement of Indianapolis Ses-
sion November 11 Received Today

The local Farmers' Association
received this morning from the In-
diana Federation of Farmers Ass'n a
notice of a call meeting of the Dairy
Farmers of the territory adjacent to
Indianapolis which will be held at
the Hotel English, 10:00 a. m. Nov.
11.

The purpose of the meeting is to
consider the constitution, by-laws,
contract, etc. for a dairy marketing
organization. Miss D. Campbell will
make an address. He is president of
the National Milk Producers' As-
sociation and one of the Dairy Com-
mittee of Eleven appointed by the
American Farm Bureau.

This conference will be of inter-
est to cream producers as well as
milk producers.

All Farmers Know A Good Thing

When they See It

This is especially true with the farmers of this community. Whether
it is a good hog, piece of land, ear of corn, or machinery—they all
attract the closest of observance from the farmer.

That Is One Reason Why

The farmers of this community trade at Johnson's Drug Store in
Rushville. They know a good thing when they see it. They know
that dependable merchandise is here for their examination. They
know that only the best of drugs and medicine is carried in stock, and
that they are welcome to visit the store whenever they are in the
city.

Come in and listen to a few musical numbers on the

"The World's Greatest Talking Machine"

This instrument is sold only in Rushville at Johnson's Drug Store,
which also is the home of the Famous Penikese Remedies.

DON'T NEGLECT TO GUESS ON THE NEEDLES — YOU MAY WIN ONE OF THESE WON-
DERFUL MACHINES.

PERSONAL POINTS

—William A. Alexander spent the day in Indianapolis.
—John Gray spent the afternoon with friends in Indianapolis.
—Alva Newhouse was among the visitors today in Indianapolis.
—Phil Wilk was among the visitors in Indianapolis this afternoon.
—Mrs. James Gilsey was among the passengers to Indianapolis today.

—Mrs. Charles Hendricks was a business visitor in Indianapolis today.
—The Rev. C. S. Black was among the passengers this morning to Indianapolis.
—Mr. and Mrs. George Wingerter were among the visitors in Indianapolis today.
—Capt. Will B. Braun of the local guard unit, was among those from Rushville who participated in the parade today at Indianapolis in honor of Marshal Foch, who visited in that city today.

—Loren Meek was among the visitors from this city to Indianapolis.
—Donald L. Smith was among the visitors in Indianapolis this afternoon.
—Mrs. Clei Miller and Mrs. P. A. Miller were among the visitors today in Indianapolis.
—O. F. Bussard went to Indianapolis this morning where he spent the afternoon.
—Mr. and Mrs. O. P. Wamsley were among the visitors in Indianapolis this afternoon.

—Donald Moore spent the day in Indianapolis and witnessed the military parade this afternoon.

—Ab Denning and Posey Denning were among the visitors in Indianapolis this afternoon and witnessed the Marshal Foch parade.

—Mr. and Mrs. J. M. Lee were among the passengers to Indianapolis where they viewed the Foch Day military parade this afternoon.

—William Pugh and Denning Havens were among those from this city who witnessed the military demonstration this afternoon in Indianapolis in honor of Marshal Foch.

—Mr. and Mrs. Harvey Allen were among the passengers to Indianapolis where Mr. Allen participated this afternoon in the line of march in the Foch Day parade.

—Mrs. Fred Arbuckle and Mrs. Floyd Kirkin were among the passengers this morning to Indianapolis, where they attended a meeting of the Christmas seal sale workers, which was held at the Severin hotel at noon.

—Dr. and Mrs. E. H. Saniter of New York City will arrive this evening from Kansas City where they have been attending the American Legion convention. Dr. Saniter will return home tomorrow but Mrs. Saniter will remain for a few weeks visit with the Misses Alice and Lenora Norris, at the home of the former 632 North Harrison street.

SEEK RATE DECREASE

Washington, Nov. 4.—Four western states Kansas, Arizona, North Dakota and Nevada, applied to the Interstate Commerce Commission today for a reduction on intrastate and interstate freight rates on wheat and coarse grain of approximately sixteen per cent.

CARTER WEEK

Carter Knit Underwear is successfully worn by women with their smartest gowns.

This statement of fact comes from actual test, and because of its health preservation, must be termed the first achievement of the age.

Its patent spring stitch needle weave gives it an elasticity and flexibility peculiarly its own.

It is warm, soft, clingy and it never wrinkles.

It is comfortable and durable.

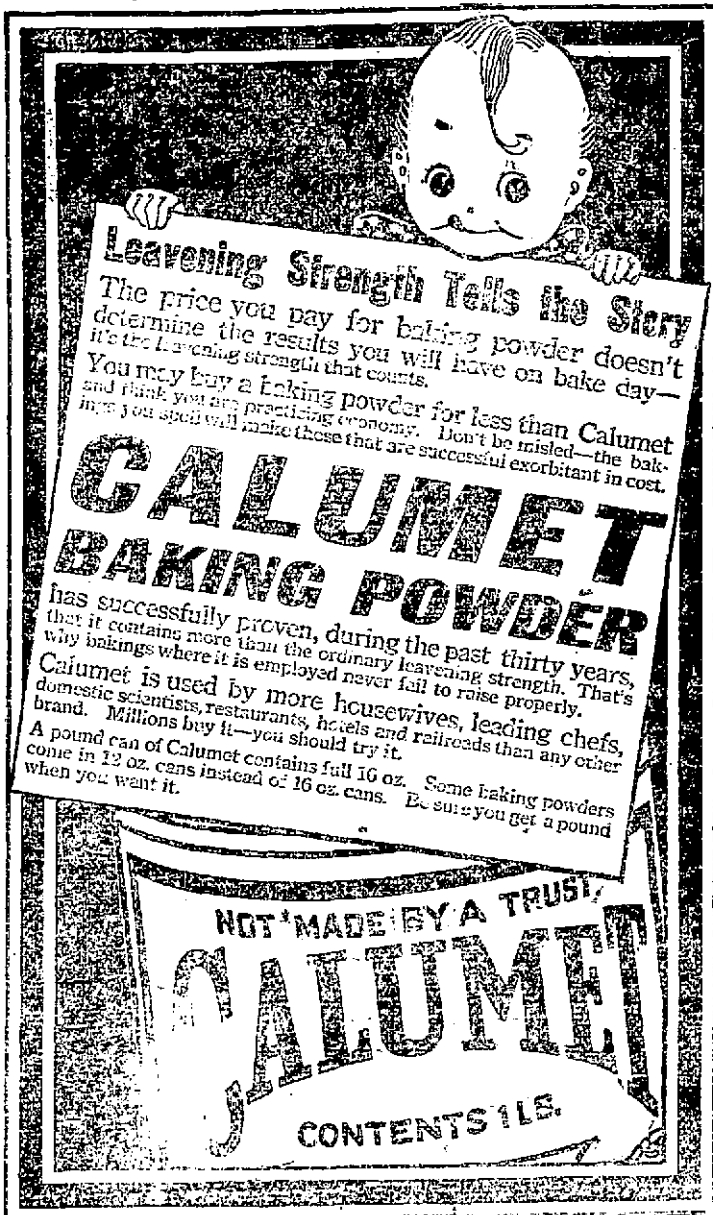

It is economical because, though evidently different from other regular lines, it COSTS NO MORE.

YES — CARTER WEEK IS IMPORTANT

Leavening Strength Tells the Story
The price you pay for baking powder doesn't determine the results you will have on bake day—its leavening strength that counts.
You may buy a baking powder for less than Calumet and think you are practicing economy. Don't be misled—the baking powder you use will make those that are successful exorbitant in cost.

CALUMET BAKING POWDER
has successfully proven, during the past thirty years, that it contains more than the ordinary leavening strength. That's why bakers where it is employed never fail to raise properly.
Calumet is used by more housewives, leading chefs, domestic scientists, restaurants, hotels and railroads than any other brand. Millions buy it—you should try it.
A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Duroc Sow Sale

To Be Held at Woodlawn Farm

Home of the Hoosier Giants, 3/4 mile west of Mays, Indiana.

50 - HEAD - 50

HOOSIER GIANT JR., 127593

WEDNESDAY, NOVEMBER 16, 1921

TRIED SOWS, YEARLING AND SPRING GILTS

Several bred to Hoosier Giant Jr., the largest Duroc boar in Indiana. Others bred to Foust's Top Col. Jr., 196733. Many, sold open. Everyone a good one, sired by the most popular boars of the breed.

ATTENTION FARMERS!

What are you going to do with your corn crop? Can you pay taxes and maintain soil fertility at the market price? The surest plan is feeding good hogs. The Durocs are ideal feeders. Buy some of these young sows while prices are right. There never was a better feeding margin. There never was a better opportunity to start a pure bred herd. Can you think of a safer investment? Now heads up, the people must go to work and when they work they must eat.

TERMS—CASH. Sale begins at 12:30 P. M. An excellent dinner will be served on the grounds by ladies of Center church. Good roads lead to the farm from all directions.

CHAS. M. TROWBRIDGE

Iglehart, Bragg and Button, Auctioneers.

For Women Only?

Will the Righteous Judge consider the flimsy plea that you do not go to church because church is woman's sphere?

Christianity demands the best energies of red-blooded men. It is a man's-sized job to fight himself and keep true to his highest ideals. Church-going helps.

Select some church and let it help you and you help it. If none other has a claim upon you come here Sunday.

Choose this day whom ye will serve . . . we will serve the Lord

CHURCH SERVICES

The annual bazaar of the ladies of the church will be given in the church basement December 8.

JURY DEADLOCKED

Twin Falls, Ida, Nov. 4.—The jury considering the fate of Mrs. Lydia Southard, alleged blue beardedness on trial for murder of her fourth husband, was still deadlocked early today. The case was given to the jury late Thursday.

INSPECTOR STATES IMPORTANT FACTS

Well-Known Terre Haute Man Was Afraid He Would Have to Leave His Job

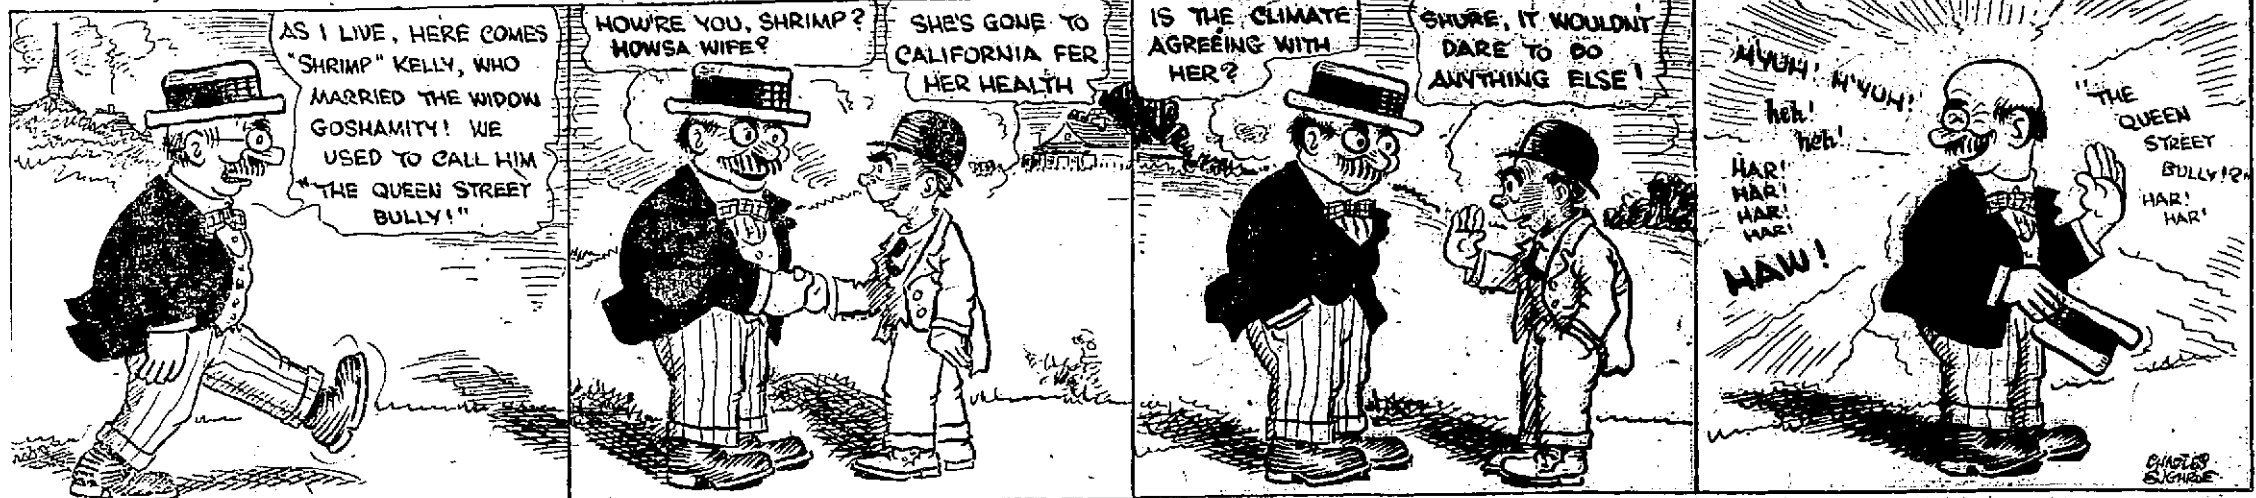

"When it comes to building a man up and making him feel fine all the time, Tanlac is in a class by itself," said John E. Ravallette, 1518 Franklin, Ave., Terre Haute, Ind., well-known car inspector for the South-eastern Railroad.

"I had an awful siege of it for fourteen years with stomach trouble and finally got so weak and run down I was almost past going. My work requires me to stoop over a good deal, and actually my back used to feel like it would break in two and I suffered so much I thought I would have to give up my job."

"I'm like a different man though now; eat three big meals every day and feel fine all the time. In fact I feel more like a boy of twenty than a man of my age. Tanlac certainly delivered the goods for me."

Tanlac is sold in Rushville by F. B. Johnson Drug Co. and by leading druggists everywhere. Advertisement

Too Big Business

Rockefeller is presumably the richest man in the world. His wealth is so great that even he cannot estimate it. Yet every day sees him a richer man.
Henry Ford a very poor man a few years ago, is now said to be worth \$250,000,000 or more, all accumulated within a few years of time. Henry is still grinding out lizes and raking in the pennies.
The number of our plutocrats is so great that their combined wealth

is staggering, and still they multiply in both numbers and wealth.

The war brought enormous wealth to this country, but the great majority of it went into the swollen coffers of the minority. The majority were permitted a snail.

Some say that we are cursed with big business. But that we do not concede. It is because of big business that this is a big country.

But there is such a thing as TOO BIG BUSINESS.

When a concern reaches proportions where it can dominate everything in its line and regulate prices without regard to competition or the law of supply and demand, it ceases to be a national asset and becomes instead a burden to the people.

It is too big to be safe.

If men could take their wealth to heaven and enjoy it there we could understand why they continue to amass enormous fortunes which they can not possibly spend.

The great wealth that thus passes into the hands of a limited number simply reduces the amount in the hands of the mass of the people. As the few become bloated the many become emaciated.

Congress should no longer shirk its plain duty to the people. It should place a limit upon the income which any one man may enjoy. It should confiscate every dollar of that income above the limit in the form of taxation and thus reduce the burden which rests so heavily upon the shoulders of people who can ill afford it.

Big business should be protected and regulated.

Too big business should be prohibited.

The Premiers Are Coming

It is a matter of congratulation that the British and French premiers are to represent their countries at the Washington conference. Were officials of less rank to head the two delegations, there would be the necessity of referring important decisions to the home government for final action, with consequent delay and the impossibility of communicating by cable all of the atmosphere that will surround the discussions. The reputed "wizardry" of Lloyd George will have no terrors for the American delegation. They have no personal ambitions to serve their sole though being for the suc-

cess of the conference so far as that may be attained without surrender of American rights. Unfortunately, as much cannot be said of the head of the American delegation to the Paris peace conference, who promptly revealed his paramount ambition to his foreign colleagues, and they as promptly used it for the purpose of winning concessions for all of their own pet projects.

A noted Russian singer says that the less a woman wears the longer she will live. In that event it is only a question of time when half of the undertakers will go out of business.

It might be well to keep congress in session during the disarm meet. It would furnish excellent relaxation and amusement for the weary delegates.

Our diplomats abroad have been rather fortunate of late. Those attempts to kill them gave them some perfectly good newspaper publicity.

Trouble with this country is, there are too many things of the past. They should be improved upon and made assets of the future.

The hustler takes what life has in store for him and then goes out and gathers in a little more.

FIRE DOES \$3,000,000 WATERFRONT DAMAGE

Blaze Destroys Five Piers of Erie Railroad, Warehouse, Two Oil Trains, Thirty Barges

EMBERS FALL ON NEW YORK

(By United Press)
New York, Nov. 4.—Fire swept the Weehawken front for half a mile this morning destroying five piers of the Erie railroad, two oil laden trains, a huge warehouse and thirty barges before it was finally under control.
The damage estimated at \$3,000,000.

Embers from the terrific blaze rained down upon New York's theater and cabaret district, while crews of vessels up and down the river were called to fire posts because of blazing fragments blown across the river.

Fanned by a high wind, great columns of smoke and billowing flames shot up from the burning piers and oil tank trains on the Weehawken river front, making the blaze the most spectacular witnessed from Manhattan since the Black Tom disaster.

Kiddies' Colds Can Be Eased Quickly

Dr. King's New Discovery will do that very thing, easily and quickly. Don't say, "Poor little kiddie, I wish I knew what to do for you." When the cough first comes, give a little Dr. King's New Discovery as directed, and it will soon be eased.

It's a good family cough and cold remedy, too. Loosens up the phlegm, clears up the cough, relieves the congestion. No harmful drugs. For fifty years a standard remedy for colds, coughs, gripe. At your druggists, 50c. a bottle.

Dr. King's New Discovery For Colds and Coughs

Constipated? Here's Relief! Cleanse the system, with Dr. King's Pills. They prompt free bile flow, stir up the lazy liver and get at the root of the trouble. All druggists, 25c.

CONDITIONS ON ROUTES IMPROVE

Campaign For Strict Adherence to Postoffice Rulings Regarding Boxes Gets Results

SERVICE DEPENDS ON IT

Postmaster Von Riggs expressed himself today as highly pleased with the response made by the majority of the rural route patrons to the campaign for better mail box conditions. The movement was started nearly a month ago on instructions received from the postmaster general to make a list of all rural route patrons whose boxes did not meet the requirements of the postal laws.

Charles H. Brown, assistant postmaster, made a tour of the routes leaving the Rushville postoffice and checked up on the conditions of the boxes as to whether they met the requirements.

The postmaster general's order provides that warnings shall be sent to all patrons whose boxes are defective, instructing them to correct the defects at once. After they have been given an opportunity to comply with the order and do not do so, their names are to be sent to the postoffice department, according to the instructions from Washington, and a less of mail service will result. Although the local postal authorities would regret to see any of their patrons lose the service, they are compelled to follow these instructions to the letter.

The more important defects in boxes seem to have received more general attention than the smaller ones. Boxes which were on the wrong side of the road have nearly all been moved as the instructions sent out in these cases asked. However, there are a number of other matters which the people seem to regard as minor, but which as the postmaster points out, are really of just as great importance. Many patrons apparently do not realize the necessity of the owner's name appearing on the box but this is required without exception. Another matter subject to considerable negligence is the flag, or signal which must also be placed on the box.

Unless these smaller matters are attended to, the owners must be reminded just the same as if the defects were of greater apparent importance, and their service will be stopped as a consequence. The campaign is for the betterment of rural route conditions, and all the requirements pertaining to boxes are of equal importance in the view of the department. Those persons who have received notice from the postoffice should take immediate action unless master in regard to box defects should take immediate action unless they have already done so.

SUSPECT IS RELEASED

Lead, S. D., Nov. 4—Authorities turned to new trails today in an attempt to find the murderer of Father A. B. Belknap, Catholic priest. A suspect arrested at Sidney, Neb., was released when it was found he had no connection with the case. No trace of Andrew Orland, strongly suspected of the crime, has been found early Friday. Detectives were searching for him at Edgemont again following a report that he had been seen there.

ASSASSIN'S ATTACK CAUSES HARA'S DEATH

Japanese Premier Succumbs After Being Stabbed in Railroad Station in Tokio

FIRST COMMONER IN POWER

Washington, Nov. 4—Premier Hara of Japan is dead following an attack by an assassin, the state department was advised today.

The department received this official word from the American embassy in a Tokio cablegram timed at ten o'clock Friday evening.

The premier had been stabbed by an assassin in Tokio railroad station. Hara was widely known as the first commoner ever to head the imperial government of Japan. Hara is president of the Eiropkai party, the party now in power. He was born in 1854.

Hara, it was thought for a time, would be chief of the Japan delegation to the Washington conference. Many people in Japan urged that he come to Washington as head of the delegation. Hara gave his reason for not coming because he could not speak English.

There was speculation on the question today as what effect the assassination of Hara will have on the Japanese part in the conference.

SAYS WOUND WAS SELF-INFLICTED

Continued from Page One
dence of a struggle. The gun stock also might have been broken from a heavy discharge.

The mystery surrounding the patches of blood in the doorway, also is believed to have been cleared up, when Jesse Shelton, the owner of the farm and the man who discovered his dead body, testified before the coroner yesterday.

He said that in his excitement of finding the dead body, he no doubt tracked the blood out into the kitchen, when he went to reach a telephone. He stated that he had to walk 1 1/2 miles to the nearest telephone, and on account of the distance, the spots had been worn off his shoes, if he had been the one to track in the blood.

The murder theory also is not believed possible because no motive could be found for anyone taking his life. As far as the family knew, the dead man did not have an enemy, and the possible theory of robbers also has been dispelled because there was no large amount of money available in the house.

The coroner is of the belief that the shooting must have taken place about ten o'clock in the morning, although his body was not found until almost four o'clock in the afternoon.

Mrs. Foss and small infant were spending the day with her parents, Mr. and Mrs. William Warfield, north of Manilla, and there was no one else around the house, until Mr. Shelton appeared in the afternoon with a load of hogs to be placed on the farm.

The funeral services were held this morning at 10:30 o'clock in the Friends church in the northwestern corner of Walker township, with interment in Blue River chapel cemetery. Mr. Ross was a member of this church.

Babe's Stage Debut

Mt. Vernon, N. Y., Nov. 4—Babe Ruth isn't a bad actor the natives say who saw the swat king make his stage debut here last night in a sketch "That's Good." The bambino appeared with Wellington Cross and a pianist. He cracked jokes and sang a dialogue number with Cross "little by little." The act was well received and Ruth had to make a curtain speech. Judge Landis was worked into lines when a stage telegram supposed to be from the commissioner was handed to the babe. "Is it serious?" Cross asked. "I should say it is, seventy-five cents collect!" Ruth answered.

PARCEL POST IN A LARGE DECLINE

Continued from Page One
livered with 8,244 pieces being collected.

The amount of mail handled during October fell below the same count for last October, and the loss consisted for the most part to publications, such as newspapers and magazines. It is the belief that on account of the corn husking, farmers neglected to renew their subscriptions, causing the papers to be stopped.

The number of pieces of mail matter delivered for each route during the month is listed as follows: 7,103 route 1; 5,857, route 2; 8,682, route 3; 9,197, route 4; 8,036, route 5; 7,487, route 6; 9,313, route 7; 5,389, route 8; 6,296, route 9; 7,347, route 10.

The number of pieces collected from the ten routes also amounted as follows: 738, route 1; 681, route 2; 1,202, route 3; 786, route 4; 670, route 5; 769, route 6; 1,126, route 7; 760, route 8; 729, route 9; 783, route 10.

SUCCESS OF ARMS CONFERENCE SEEN

Continued from Page One
A resolution expressing Parliament's approval of the meeting was adopted following debate, without a dissenting vote.

The discussion was without controversy and it became apparent that the House would overwhelmingly approve the motion.

John P. Clines, Laborite and former food controller who introduced the resolution in a speech pictured the horrors of future wars and said that civilization might even be destroyed in the event of another conflict. He lamented the fact that twenty percent of the national income is spent on armament.

Sir Donald MacLean spoke in a like vein.

Great Britain will seek a means of insuring world peace through the Washington arms conference, Austen Chamberlain, government spokesman declared.

"The policy of the British is to seek peace and to insure it, earnestly hope the conference will bring relief to an overburdened world," Chamberlain declared during debate on a motion to place the House on record as approving the conference.

STRIKE IS CALLED IN DISTRICT NO. 5

Continued from Page One
of the operators in sixteen other states President John L. Lewis would not disclose his hand.

He has never come out definitely with a strike order calling upon the men to walk-out when the check off is abrogated. But in telegrams to his members, he advised them to consider abrogation of the check off as violation of contract and to "act accordingly." This in ordinary union terms means a strike, but if the miners were thrown into a "tight hole" it would not be difficult to pull out by interpreting it differently.

Federal Judge Anderson who issued the injunction has watched the movements of both factions. But he hasn't said a word publicly. His injunction restrained the operators from deducting union dues from the miners pay check under the check off system, and prohibited the union from further efforts to unionize the open shop fields in West Virginia.

In a statement preceding the writ, Judge Anderson said the check-off apparently was a violation of the Sherman anti-trust act. Two years ago this month he issued an injunction halting a nation-wide bituminous strike under the Lever law.

The country was in virtually the same situation with regard to fuel supply as it is now on the verge of winter—very little reserve on hand.

Refuse to Go Back

Columbus, Ohio, Nov. 4—Miners in the Hocking Valley field refused to return to work on orders of their leaders today.

Estimates early today were that nearly 2,000 workers were still on strike against the order forbidding the check-off system.

Operators of eastern Ohio prepared for a meeting in Cleveland today to decide on a stand on Judge Anderson's injunction. They were expected to follow the course of the southern Ohio coal exchange which met here yesterday and adjourned until Monday without making a decision.

District 8 Not Affected

Terre Haute, Ind., Nov. 4—District 8, United Mine Workers of America, which comprises all of the Brazil coal region is not affected by the injunction of Judge A. B. Anderson against the "check-off" system of collecting union dues. The "check-off" system is not used in the Brazil region.

International President Lewis has urged the district 8 miners to stay on their jobs.

ASK YOUR NEIGHBOR SHE WAS HERE

SOCIETY

Edited By Miss Edna Krammes
Phone 1111

The regular stated meeting of the Martha Poe Chapter, No. 143, O. E. S., will be held this evening at the temple promptly at 7:30 o'clock.

The Big Flatrock C. W. B. M. met at the home of Mrs. Will Billings southwest of the city yesterday afternoon. A very interesting program was given, which was followed by the serving of light refreshments.

Mr. and Mrs. Sam Young entertained with a prettily appointed dinner party yesterday at their home in North Perkins street. Covers were laid for Mr. and Mrs. Roy Jones, Dr. and Mrs. John M. Lee and family and Mr. and Mrs. Lucien Miller.

The Woman's Missionary Society of the Little Flatrock Christian church held its regular monthly meeting yesterday afternoon in the parlors of the church. An unusually interesting program was given under the leadership of Mrs. Mollie Gaudard. Refreshments were served.

Mrs. Will Billings was pleasantly surprised last evening when a number of her friends gathered at her

home with well-filled baskets to remind her of her birthday. After a sumptuous pitch-in dinner the remainder of the evening was enjoyed in ruck and with an informal social party.

The Ladies Aid Society of the St. Paul's M. E. church will give a musical program next Tuesday afternoon from the hours of three to five o'clock at the home of Mrs. D. C. Compton, 314 West Third street.

Mrs. William Noll and Mrs. James Foley went to Indianapolis this morning where they will attend the wedding of Miss Thelma Williams, daughter of Howe Williams, and Robert Rasor, tomorrow. Miss Williams formerly lived in this city.

Members of the Grand Club and their husbands were royally entertained last evening with a delicious six o'clock dinner party at the home of Mr. and Mrs. George Aultman in West First street. Following the repast the guests enjoyed the remainder of the evening over the card tables playing bridge.

The Woman's Foreign Missionary Society of the St. Paul's M. E. church enjoyed a very pleasant meeting at the home of Mrs. S. L. Innis, corner of Perkins and Seventh streets, yesterday afternoon. Mrs. George Davis read a very interesting report from the branch meeting and the Kings Herald's presented a clever little playlet which was immensely enjoyed by those present. Many postcards were also received from those present which will be used to send to the Philippines.

RIOTING IN MILK STRIKE

New York, Nov. 4.—Rioting and violence marked the opening of the fourth day of New York's milk strike. Thousands of gallons of milk were taken from trucks early today and dumped into gutters while women, out early to buy milk for their babies had to pay forty cents a quart to peddlers.

MORAL SUPPORT OF KING MAY BE ASKED

George in Conference With Premier Lloyd George Regarding Irish Peace Negotiations

DISCUSS ULSTER COMPROMISE

By ED. KEEN
(U. P. Staff Correspondent)
London, Nov. 4.—King George may be asked to lend his moral support to the proposed compromise in the Irish situation, it was learned today.

The king whose plea for peace in convoking the Ulster parliament at Belfast opened the way for the present negotiations was in conference last night with Premier Lloyd George.

The titulus and actual heads of the British government were known to have discussed at length the present crisis, with particular reference to Ulster.

If Sir James Craig premier of Ulster, remains obdurate against concessions when he confers with Lloyd George here tomorrow, it was believed that moral pressure might be exerted on him from Buckingham palace.

MRS. GEORGE JONES DIES

Former Glenwood Woman Expires at Connersville This Morning

Word was received here this morning of the death of Mrs. George Jones, aged 39 years, which occurred this morning in Connersville. Mrs. Jones had been ill for two years suffering with a complication of diseases. She was well known in Glenwood where she spent most of her life. The husband and four children survive. No word has been received of the funeral arrangements.

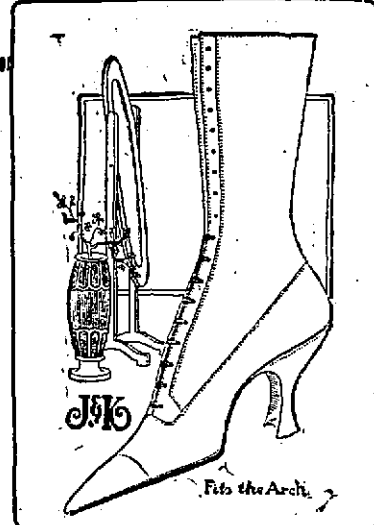

MADALYNNE MAY GO FREE

Los Angeles, Nov. 4.—Madalynne Obenchain may be released today from the jail where for three months she has been confined on a charge of killing her sweetheart, J. Beiton Kennedy. Promptly at 2 o'clock, Pacific Coast time, Judge Reeve will announce his decision on the motion of Charles Erbstein to dismiss the charge against his beautiful client.

J & K Fall Boots

We have the new lasts and patterns in either black or brown, with military or high Louis heels. Sizes 3 to 8, AAA to D.

Ask to see the new J. & K. FOOT SAVER—a shoe designed to correct the foot ailments of people who do not care to wear Arch Supports.

Come early while the sizes are complete
so as to be correctly fitted

The Mauzy Company

A Word To The Wise

"In March I was called to the bedside of my sister in Brewton, Alabama. She was given up to die and was almost dead. Talked in a whisper. Doctors said nothing but an operation would save her and she was too weak for that. Her color was yellow as a pumpkin and she was filled with gas. That day I heard of Mayr's Wonderful Remedy and went and got a bottle for her. In three weeks she was able to be about and walked a mile to church. I am praising your medicine to everyone." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at Druggists everywhere.—Advertisement.

Governor McCray Dedicates Site Of State Memorial Building and Plaza

Indianapolis, Ind., Nov. 4.—In dedicating the site of Indiana's War Memorial building and plaza, which are to be the permanent national home of the American Legion, Governor Warren T. McCray of Indiana, made the presentation of the ground in the following address:

"We have met here today to deliver this ground to the Indiana Memorial Association, for the purpose of erecting thereon a memorial building to commemorate the valor and patriotic fervor of those heroic men who responded so nobly to our Nation's call in the great World War.

"The state of Indiana, the County of Marion and the City of Indianapolis, have made it possible to erect upon this site a building which is to be a constant reminder of the debt of gratitude we owe to the men who so grandly upheld the State's reputation for loyalty during the World's greatest crisis.

"However magnificent and enduring the structure to be erected upon this spot, it cannot adequately express the feeling that the citizens of Indiana cherish for the brave men in whose name the building will be built and to whose memory it will be dedicated. In architecture it should be in keeping with the spirit of those brave defenders who sublimely offered their services without display or pomp but with that solemnity and determination which denoted perfect allegiance and lofty devotion to the principles and ideals upon which the Nation was founded.

"It will be the execution of a beautiful thought that the cornerstone of this wonderful, monument erected to memorialize the sacrifice and gallantry of our young soldiers be taken from the Marne bridge at Chateau Thierry, where the imperishable glory of American valor was written into everlasting history.

"It is particularly fitting that this historic ceremony take place in the honored presence of Marshal Foch, Commander-in-Chief of the Allied forces, whose military skill and genius in directing his command brought victory to the cause of humanity and the restoration of justice and liberty.

"May the building which we see in vision today become a reality of tomorrow. May it be erected and maintained with the full realization of the sacredness of the purpose for which it will be designed and the cause to which it will be consecrated.

"It should be a matter of congratulation to Indiana that one of the uses to which this building will be appropriated is for the permanent home of The American Legion. The influence of having the headquarters of this great organization established and housed in our State will insure that the fires of patriotism will forever burn brightly and that the loyalty of our citizens as demonstrated in the past, can be confidently depended upon in the future.

"The treasurer's office will be open tonight, Saturday and Monday evenings for the convenience of Rushville people, who are urged to refrain from calling at the office during the day Saturday so as to reserve that time for farmers who can not come at any other time.

COLLECTIONS FALLING OFF

Amount to \$22,900.22 Thursday, Leaving \$110,000 to be Paid

Tax collections Thursday again fell below expectations, amounting to only \$22,900.22. Of this sum, \$0.94 was delinquent taxes and \$22,849.28 was current. Collections up to yesterday amounted to \$334,026.02 and at the beginning of business this morning, the total was \$356,926.24. This leaves approximately \$110,000 to be collected in three days, or an average of more than \$35,000 a day.

The treasurer's office will be open tonight, Saturday and Monday evenings for the convenience of Rushville people, who are urged to refrain from calling at the office during the day Saturday so as to reserve that time for farmers who can not come at any other time.

CUMMINS DENIES CHARGE

Washington, Nov. 4.—Charges that the Senate Interstate Commerce department had shown "bad faith" in its investigation of the railroad situation, made by Benjamin C. Marsh, representative of a farmer organization, were denied by Chairman Cummins during the hearings on the Copper bill.

LEMON WEIGHS 19 OUNCES

A lemon weighing nineteen ounces which was grown by J. H. Brecheisen in the yard at the rear of his home, corner of First and Morgan streets, is on display in the F. B. Johnson and Co., drug store window. Mr. Brecheisen raised a number of lemons, another one of which weighs seventeen ounces.

Foch Is Decorated With Insignia Of The Military Order of Foreign Wars

Indianapolis, Ind., Nov. 4.—In decorating Ferdinand L. Foch the Marshal of France with the insignia of the Military Order of Foreign Wars Dr. Carlton B. McCulloch said:

The Military Order of Foreign Wars is a National order to perpetuate the glorious history and the traditions of the Army and Navy of the United States of America. It believes that Honor and Justice, and Truth are the concomitants of Bravery and Patriotism.

It is honored in welcoming men who believe that such attributes are the foundation stones of character. And it honors such men in extending to them its comradeship.

It receives its inspiration from the Knights of the Round Table of King Arthur's time, as it also is inspired by the memories and example of that gallant company of the Salle Des Preux at Pierrefonds and such

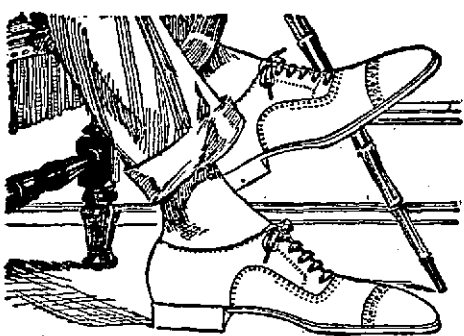

patriotic characters as your Du Guesclin and Chevalier Bayard.

"These Knights are dust. Their good swords rust. Their souls are with the Saints, we trust."

But, sir, the memories of their high patriotism and Military Glory have not rusted, they are green in our thoughts, and as an unforgettable example of what our own goal should be.

"For how can man die better Than by facing fearful odds, For the ashes of his fathers And the temples of his Gods."

Sir, we are proud that the Indiana Chapter has the honor of conferring upon you membership in this Society. The example of your great career and the immeasurable inspiration to us, your erst while Comrades in Arms, and the great American people who sent us to your shores.

Young America Sends Vast Relief To Needy Abroad

Various relief projects of the Junior American Red Cross in European countries resulted in helping 237,000 destitute children during the last fiscal year, according to the annual report of the American Red Cross for that period. The growth of the activities of the Juniors abroad is manifested by a comparison which shows this figure is 200,000 larger than that of the previous fiscal year.

The National Children's Fund raised by school children, members of the Junior American Red Cross, was drawn upon for \$420,557 for these projects. Receipts for the National Children's Fund during the last fiscal year totalled \$155,317.

America Succors Russians
 Food, clothing and medical relief costing \$700,000 has been provided by the American Red Cross for the thousands of Russian refugees stranded last year in Constantinople and vicinity.

PLAN EXTENSIVE SUMMER BUILDING

With Further Reduction in Price,
Kosciusko County Will Spend
\$1,000,000 on Resorts

COUNTRY CLUB IS PLANNED

Site of 600 Acres With Proposed
Improvement Would Amount to
\$225,000 on Lake Front

Warsaw, Ind., Nov. 4—Dependent to some extent on further reductions in building costs country clubs and summer resort buildings will be constructed in Kosciusko county next year calling for an outlay of more than \$1,000,000.

One of the improvements contemplated the building of a country club and other improvements on Lake Papakeechle at the northwest end of Wawasee lake, the estimated cost being \$225,000. The site is made up of 600 acres and recently was sold by the Charles A. Sudlow estate of Indianapolis to J. A. Pritchett of Nappanee, acting in behalf of a syndicate of Nappanee residents.

Masons of northern Indiana will construct a summer hotel on Wawasee lake and establish a summer place for Masons exclusively at a cost of \$200,000 to \$250,000.

Warsaw professional and business men are planning the building of a country club on Tippecanoe lake at a cost of \$250,000. Tentative plans have been prepared by an Indianapolis architect.

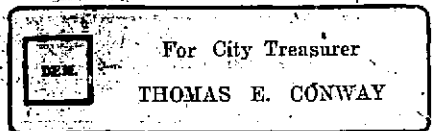

The Epworth Institute of the Methodist Episcopal church of the North Indiana conference has taken an option on a large piece of land on the bank of Webster lake with the idea of constructing buildings to be used during summer months.

Other improvements are contemplated for both Winona and Wawasee lake.

There are not more than four or five volcano observatories in the world, the most important being those of Vesuvius and Kiluea (Hawaii). Professional volcanologists are also very scarce.

RED CROSS RESCUED 600,000 FROM DEATH

Spent \$1,200,000 for Relief of
Famine Sufferers in China
Last Year.

To help overcome conditions of acute distress in five famine stricken provinces of Northern China, where millions of persons were affected by an unprecedented shortage of food, the American Red Cross during the last fiscal year spent more than \$1,200,000, \$1,000,000 of which was contributed directly by National Headquarters and the remainder by various groups interested in the welfare of China.

Through the wide relief operations thus made possible it is estimated that more than 600,000 famine sufferers were saved from starvation.

To the end that similar prompt relief measures by the organization may always be possible the Red Cross is asking continued support by the American people by universal renewal of membership at the Annual Red Cross Roll Call, November 11 to 24.

The method of relief employed by the American Red Cross in its operations in China was particularly effective, for in addition to saving hundreds of thousands of lives it provided China with more than 600 miles of permanent roads that are sorely needed to prevent a recurrence of famine. At one time the Red Cross employed 74,000 Chinese workmen, paying them in food for themselves and dependents, this food being brought in from Manchuria and elsewhere.

FACTS FOR VOTERS AND CITIZENS

THE PRESENT CITY ADMINISTRATION, DURING ITS ADMINISTRATION—

Has paid all the indebtedness of the City that was created by former administrations of — \$24,000.00

Has paid all Bonds of the City, as they became due, amounting to — \$10,000.00

Has added to the Water Supply of the city—enlarged the Water and Electric Light Plant—and increased the general equipment of the same, at an expenditure of — \$70,000.00

THESE THINGS HAVE BEEN DONE IN THE ADMINISTRATION OF OUR CIVIC AFFAIRS

Without Creating Any Debt

OUR CITY TAX RATE is among the Lowest of cities of like class throughout the state.

Under a recent law, Rushville became a city of the Fourth Class. But by resolution of the City Council we remained in Class Five, thereby saving the taxpayers more than \$7,000.00 each year in salaries.

This is a part of the record that has been made under a policy of STRICT ECONOMY. The Record speaks for itself.

AMUSEMENTS

Dorothy Dalton at Princess

One scene of "Behind Masks", Dorothy Dalton's latest Paramount picture, demanded the skillful driving of a high powered foreign car carrying Miss Dalton along a country road on the outskirts of New York. When it was time to "shoot" the scene, Director Frank Reicher was astounded to see the car come tearing down the road and go through the required action perfectly without rehearsal.

This unusual incident caused the director to make inquiries of the driver. It proved that he was Captain N. C. Fitzgerald, late of the United States Aviation Service, a dare devil automobile driver and aeroplane stunt man. He explained that he happened to be at the garage at the time that a call came in for a car and he volunteered to drive it in order to get motion picture experience for a production of his own he was going to put on, "Behind Masks", starring Dorothy Dalton, will be shown at the Princess Theatre today and Saturday. Her leading man is Fredrik Vogelung, a player of considerable note. The support generally is excellent.

Carmel Myers at Mystic

Carmel Myers will be the stellar attraction at the Mystic Theatre today in "The Dangerous Moment", a Universal screen play made under the direction of Marcel de Sano. Fast action, love interest and spontaneous humor are blended into the theme so cleverly that "The Dangerous Moment" will probably be pronounced by playgoers to be Miss Myers' most enterprising picture.

Douglas Doty, former editor of the Cosmopolitan Magazine wrote the original story from personal knowledge of Greenwich Village and Wallace Clifton wrote the screen adaptation. Marcel de Sano, the brilliant young Frenchman who directed the production, is an artist who lived in the famous Bohemian quarter of New York before he became a motion picture director.

The story opens with the star as

Chalmers Now Reduced to \$1295

Nothing in the field—either six or four—can compare with Chalmers value at its newly reduced prices.

The quality which gives it downright superiorities in performance, in economy, in riding and driving, clearly entitles it to be classed with cars which cost a great deal more.

Second Annual

PUBLIC SALE

of

BIG TYPE POLAND CHINAS

to be held at Smalley's Sale Stable in Rushville, Ind.

THURSDAY, NOVEMBER 10th, 1921

TO MY FARMER FRIENDS AND FELLOW BREEDERS:—

I am using this plan as the best way I know of to reach one and all of you with a special invitation to be present and see if I can't do you a world of good in giving you an opportunity to purchase real brood sows for the coming spring use. This consignment consists of

25 HEAD OF FALL YEARLING GILTS,
25 HEAD OF SPRING GILTS
AND 2 YEARLING BOARS

am selling these boars as an attraction to this sale and believe whoever may secure them will sure have real boars. I have endeavored to have these sows in the very best shape to breed that it is possible to get them in, not fat, but just nicely flushed which puts them in the best condition for large litters. We pride ourselves on having a very prolific herd, our sows averaging close to 10 pigs to the litter.

We also feel a little good over the honor given us at the last State Fair of having the Largest Herd Boar in Indiana. Of course you know that was Frazier's Giant 128545. Old breeders at the State Fair said he could easily be made to weigh 1500 pounds. The gilts selling in this sale are mostly sired by him and out of dams as good and as well bred as any could have.

Believing in the hog business as a good thing, any time, and knowing it to be by far the very best money making proposition the farmers have at the present time, I think I am doing you one of the greatest favors in giving you a chance to purchase this kind of stock, but we are happy in being able to furnish this means to our old Rush county friends to get \$1.00 per bushel for those thousands of bushels of good yellow corn instead of having to haul it to the elevator at 30 cents. Boys, let's not haul any corn, let's have a dollar a bushel for it and all be happy and let the goose hang high. I am optimistic—we are right in the good times from now on.

THIS SALE WILL BE CALLED PROMPTLY AT 12:30 O'CLOCK.

We are very respectfully yours,

JOHN C. FRAZIER & SON

a waitress in The Black Beetle, a fawdery little cafe frequented by the motley array of denizens of the quarter. In repelling the attentions of the son of the owner of the place she strike him with a chair. He falls dead. Thinking that she has killed him she seeks refuge in the studio of an artist while the police batter down the doors and throw out a dragnet over all New York for her capture. As the story unfolds, the girl is shown to love the artist who has sheltered her and interesting heart complications arise to strew their path with difficulties.

Miss Myers' personal popularity is augmented by her supporting cast an unusually good ensemble, including Herbert Heyes, Lule Warrenton, George Rigas, W. T. Fellows, Billy Pay, Bennie Hill, Fred G. Becker, Marion Skinner and "Smoke" Turner.

An unusual story, a gifted star, clever direction and picturesque settings should make "The Dangerous Moment" one of the most appealing pictures of the year.

FARMERS ELECT OFFICERS

Washington Township Association
Holds Annual Meeting at Raleigh

At a very enthusiastic meeting held at Raleigh Tuesday evening, the Washington Township Farmers association elected officers for the ensuing year and made preparations for an active year. A program committee was also appointed which will provide ample entertainment for each meeting throughout the year.

Carl Ging was elected president; Frank Martin, vice-president; Luther Nixon, secretary and treasurer, and Linea Hays, county director. The township directors chosen included Luther Martin, Robert Sharp, Fred Lightfoot, Will Whitton and Edward Jackson.

Red Cross Gives \$310,000 to Aid 'Clean-Up' Drive

An appropriation of \$310,000 for Red Cross work in connection with the "clean-up" campaign instituted by the Government to bring the claims of all disabled service men who are entitled to Federal aid before the proper government bureau for action, has been made by the American Red Cross. The Executive Committee of the American Red Cross in making the appropriation authorized the appropriation of \$35,000 of this sum to the American Legion to defray the expense of the Legion representatives assigned to the various districts of the Veterans Bureau.

The remainder of the appropriation was authorized for apportionment among the several Divisions of the Red Cross for carrying on that part of the "clean-up" work that falls directly upon the Red Cross organization.

Twenty thousand priests serve in the temples of Bangkok, Siam.

Pimples Denote Waste Products In The Blood

So Do Blackheads, Boils and Similar Skin Disorders.

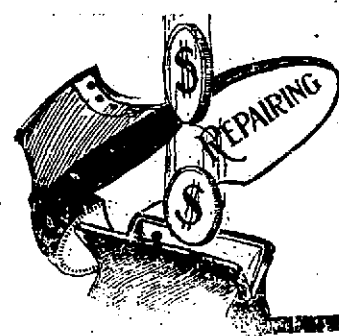

The human system is forever striving to get rid of the waste products. It is a life-work which goes on forever. When waste products get in the blood, they cause a lowered vitality. As a result, we become subject to many painful and embarrassing ailments.

When these symptoms appear, Nature is warning us. To throw off the waste products, the blood must be purified. Don't clog your blood. Just clean it out. Nature will do the rest. Pure, rich, red blood nourishes the body and fights off disease.

S. S. S., the standard blood purifier and system builder, is the ideal remedy for skin eruptions. The effect of S. S. S. is to rid the system of the waste products which are causing the trouble. For over 50 years S. S. S. has proven to be of unusual merit. Begin taking S. S. S. today and write for 56 page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address: Chief Medical Director, Swift Specific Co., 741 S. S. S. Laboratory, Atlanta, Ga. All good drug stores sell S. S. S.

The Doctor's Wife

By Mary Graham Bonner

(©, 1920, Western Newspaper Union.)

HE HAD married her in the first place of all because of her lovely, low voice. There had been other reasons too—her good looks, her smile, her common sense, but mainly and chiefly the attraction which had drawn him to her had been her voice.

It had seemed during those first years of his practicing and trying to make headway in a seemingly unresponsive city, that voices would drive him mad, wailing, complaining, whimpering always discontented.

Even when he met women socially he felt they refrained from telling him anything but a sorrowful tale of themselves.

As for his wife—she understood.

She smiled at the poor excuses they made to come and see him, of the jealousy they showed of each other, of the gifts they sent him, of senseless reasons they had for telephoning.

Sometimes they would both be invited out to dinner at some patient's house. The doctor's wife chuckled as she thought of how little she was wanted.

Usually they looked at her, she knew, rather pityingly, and at times, the holder of the sympathies would say to her:

"It must be awful to be a doctor's wife. I'd never have a moment's peace if I were you with so many women caring for my husband!"

"We get used to it," the doctor's wife said so as not to be disappointing, smiling to herself. What fun it was to be a doctor's wife. How much pity one got one didn't deserve, how many deliciously jealous thoughts one inspired.

It was Christmas Eve. The doctor had promised his wife that he would help her in those many pleasant engrossing night-before-Christmas tasks.

She went upstairs to see that the children were quite asleep when she heard the telephone ring. She answered it, and then heard her husband's voice who was already answering it from below.

Something, some curious something, made her listen.

"Oh doctor," she heard a voice say, the voice of the one woman who had lately caused her her first pang of jealousy, "I can't wait another moment. I must see you. I'm sorry, on Christmas Eve too, but I must! Please, doctor, can you come at once?"

"That's all right, little lady," she heard her husband answer, "I'll be up at once."

"I'm going out for awhile," the doctor called up the stairs. And was gone without a word of regret and with no effort at an excuse.

Late that evening she went out of the house. She would see this other woman. She called a taxi and hurried off. "I'm sorry," the maid told her, "but Madame can see no one." And the door was shut abruptly.

What would she do? What could she do? Finally, exhausted after waiting about the streets, she went home, her heart full of dry, choking sobs.

At last she heard the doctor's key. He came in. He looked tired. But she was worn out.

"You've been to—?" she began.

"Yes," he answered wearily, as he lighted a cigarette, "I have been there all this time. But she has the finest boy you could hope to see; they're simply delighted."

"Boy?" she shrieked.

"Yes," the doctor nodded. He was too tired to notice her quick change of expression.

"Oh," he said after a moment, "I'm so glad you didn't finish the Christmas things without me. No matter how late it is, we must always get ready for Christmas together, mustn't we?"

"After I had left the house," he added, "I remembered I hadn't asked you to wait, and I wanted you to wait no matter how long I'd be! Selfish of me, perhaps, but we must have our Christmas Eve together and get ready for the children's Christmas together, mustn't we, wife of my heart?"

"We most assuredly must," she answered him, and added to herself: "What fools these women are! Why pity the doctor's wife. I'm the happiest woman in the whole world."

And the doctor was saying:

"My dear, do you know that it is Christmas morning and that I'm wishing you a Merry Christmas?"

"Merry Christmas," she returned, and in her heart rang the merriest and happiest of Christmas bells!

The pupils of the Manila school will give a penny supper in the school building Saturday evening, the proceeds to be used by the school.

Dyed Her Silk Stockings to Match Skirt

Each package of "Diamond Dyes" contains directions so simple any woman can dye or tint her worn, shabby dresses, skirts, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything, even if she has never dyed before. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is sure because Diamond Dyes are guaranteed not to spot, fade, streak, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.

NOTICE OF FINAL SETTLEMENT OF ESTATE

Notice is hereby given to the creditors, heirs and legatees of Mary F. Smiley, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 21st day of November, 1921, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of their ship, and receive their distributive shares.

Witness, the Clerk of said Court, this 27th day of October, 1921.

LOREN MARTIN,
Clerk Rush Circuit Court.
Oct 28-Nov 4-11

Never say "Aspirin" without saying "Bayer"

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. All druggists sell Bayer Tablets of Aspirin in handy tin boxes of 12, and in bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Mononaceticacid-ester of Salicylicacid.

Dependable Merchandise Consistent Prices

For 16 years we have practiced this theory on the people of Rushville and Rush County. The fact that our business has grown to be one of the largest in Southeastern Indiana and is still growing is proof that our methods are correct.

We try to give a general idea of the prices prevailing in our store by the few prices quoted in our ads. These are not specials but the regular prices on these goods at all times to everybody, and are representative of our entire stock.

HOT LUNCHES NOW IN MANY SCHOOLS

Two Thirds of The Schools in the State Provide Pupils With Hot Meals Daily.

ORGANIZATIONS SPONSORS

Parents as Well as Economic Clubs Lend Assistance in Most of The School Units

Lafayette, Ind., Nov. 4—Hot school lunches are being served in one or more schools in two thirds of the Indiana counties, according to an estimate made today by Miss Lella Gadis, who has charge of Home Economics Extension work for Purdue University. In counties having home demonstration agents and others with home economics clubs the project of serving hot lunches to boys and girls in the country or city is being taken up in an organized way.

"The hot lunch" is one of the surest ways of improving the health of Indiana school boys and girls," said Miss Gadis. "The effect is noticeable not only by the gains in weight but in the better grades and general health condition of the children."

Six schools in Vanderburg County where the hot lunch was taken up by the Parent Teachers' Association last year reported excellent results to Miss Edna Fay Whiting, home demonstration agent. Miss Whiting's report shows that the hot lunch is a factor in improving attendance at the school as well as the general health of the child. One teacher also stated that discipline was easier and that the manners of the children had improved.

In some of the Vanderburg schools mothers of the children took turn about in preparing the lunches and in others where the schools did not have the facilities for cooking the cream soup, milk chocolate or whatever was used to supplement the cold lunch carried by the pupils, was prepared in a nearby home and carried to the school. Through these methods no hardship was worked on any of the women.

Co-operation of parents, school authorities and children is necessary in arranging for school lunches. In some schools the cooking laboratory can be scheduled so that the food

may be prepared when ready to serve at the noon hour. Each child may pay a minimum sum for the lunch, those unable to pay, being cared for through some organization sponsoring the work.

Bright Spots in News

New York—"I was overseas with the 27th artillery," the burglar told his victim. "There wasn't any 27th artillery," was the reply, but Major General O'Ryan gave the man something for trying.

Atlanta, Ga.—Charles Compton, negro washed his last window and slipped. The slip sent him three stories to the hard pavement. He sat up and waited patiently for the ambulance. His face was bruised.

Wilmette, Ill.—Chicagoans are not welcome on the beaches of Wilmette, the city council announced. "They want to dress and undress on the beach and otherwise conduct themselves improperly," the council declared.

Wilmington, Del.—All passengers but one on a trolley car here preferred to walk when the car hit a skunk.

LIFE SAVING CORPS ENROLLMENT 10,000

Growth of Red Cross Life Saving Corps throughout the country continued unabated during the last fiscal year, a summary of the year's achievements by that Red Cross Service shows. There are now 100 Corps with a total membership of more than 10,000 members, of which 1,276 are sufficiently skilled in the work to act as examiners. Among the outstanding achievements of the Red Cross in this field during the last year was the organization at the United States Naval Academy, Annapolis, of what is perhaps the largest life saving corps in the world.

FALL DRIVING

With the approach of cool days you do not want to have road troubles.

Examine your tires, cooling system, brakes and clutch. See that your radiator hood is in serviceable condition. Have your crank case drained, cleaned and a lighter oil put in. Summer oil is too heavy for winter and is liable to result in burned out bearings and scored cylinder walls. See that your battery is charged. Look into the subject of anti-freezing compounds for your radiator. Frozen radiators are expensive.

WE ARE PREPARED TO SERVICE YOUR CAR AND PUT IN CONDITION FOR YOU.

BOWEN'S AUTOMOTIVE SERVICE
305 NORTH MAIN
